My dear Sir

I am much obliged to you  
for collecting my requests, and if  
you will give me further information  
I shall be glad if other friends will  
do the same thing. I do not like to  
— I wish however to confine the names  
to those who have been active as  
who came from a distance — I do  
not know Mr. Dickell's direction,  
nor Dr. Winter's name — I am very  
glad you like my address. It is pretty  
strong but not more so than the  
case requires.

I am very dear Sir  
Yours truly  
W. H. Patten  
John W.
