Miss Clara Mason,
The Castle,
Tarrytown, N.Y.

Dear Miss Mason,

I find that Dean Keppel has nothing to do with educational appropriations from the Carnegie Foundation. However, I shan't stop trying to help you with your project for a woman's West Point.

Re the other subject of discussion at our pleasant luncheon: I hope to write you as soon as I am freed of this office, and able to indulge in a little rest and contemplation.

With warmest regards,

Cordially yours,

Channing Pollock
