February 1, 1929.

Dear North:

I am enclosing with this copy of the list of the new Admissions Committee in our Century Association.

You will bear in mind that one-third of the Committee goes out each year, and this year the Secretary also is changed.

It is an old-time requirement of the Committee that a candidate, before being passed upon with approval, shall have been personally known to, or shall at least have been met by, two members of the Committee.

Please let me know whether you may chance to have had personal acquaintance with two members, or with any member, of the present Committee of twenty-one.

I had made this connection for certain candidates with members of the old Committee, but I may possibly have to do the thing over again with the

Committee as now constituted.

I am, with cordial regards,

Yours faithfully,

Geo. Haven Putnam

Ernest D. North, Esq.

There are at this time but twelve vacancies, and the Committee will have more difficulty in the selection to be made from a list of about 100 candidates than has heretofore been the case.
