Dear Mr. Brown

In view of the general
policy, especially in recent years, of
the United States Company, it would
be almost impossible for me to
send you a recommendation until you
have published at least one book.
In this connection it is only right
for me to say that the power you
have sent to me suggest rather
numerous questions. I shall be
interested to see what you may do
in the future.

Yours very truly

L. C. Robinson
