Dear Mr Pucker :

I was sorry not to find you today; as I wanted to take your opinion. I have got two books half finished (1) One I would call "why Germany collapsed (was beaten)." or some such title. It would consist of some chapters on why I had seen in Germany - I heard - followed by some of my despatches to the P. Mail from Aug. 8 on. (2) The other is a sort of dateless diary: called "us & the others" or some such phrase: It consists of chapters on American French

German, English, Australian, Canadian etc  
characters, not in the abstract but  
as illustrated by incidents & things  
done & said during the war.

About ~~1/2~~<sup>1/3</sup> written about Americans,  
with some interviews with G. House,  
Ch. Schwab, Pres. Wilson, Ford etc

Two questions: (1) Would you think  
either or both likely to make  
saleable books. (2) Would you take  
them over for me.

I am off to Cologne for 6 weeks.

My address will be W.B.T. War  
Correspondent Headquarters B.E.F.

Yours most  
W. Brent Thomas
