

Dear Sir

Absence from home
and Indisposition have
prevented my giving an
earlier reply to your Letter.

I do not think it
at all likely that such
an Audience could be procured
for Dr Wolff as would
make it worth his while
to come to Amblerdo; at
all events owing to the
cause above mentioned

and other seasons, I could
not assist in promoting
the object.

I remain
dear Sir
sincerely yours
Wm Woodworth

No. 7821 -- June 11, 1846 Wordsworth to Rev. Henry Crofts

Dear Sir

Absence from home and indisposition have prevented my giving an earlier reply to your letter.

I do not think it at all likely that such an audience could be procured for Dr. Wolff as would make it worth his while to come to Ambleside; at all events owing to the cause above mentioned and other reasons, I could not assist in promoting the object.

I remain

dear sir

Sincerely yours
