Dear Sir

With every wish to aid
you in your work I return
your letter thinking it may
save you trouble to send it to
Rev. W. Cooper Johnson, Yorkham
Rectory, E. Dereham - who is a
sort of connection of the Post, &
knows all about his doings
in these parts. I know a
person who remembers the
Post's funeral, but I doubt
if there be any one here who
knew the poet himself.

In haste - Y^r faithfully
