Gloucestershire.
July 30th 1898

Dear Sir —

I am much obliged
for your kind note —
I enclose the order for
the drawing to be delivered
to your messenger —
the price is £15 —

I am very much obliged
for your kind invitation
to see your collection of
pictures which I shall

be very pleased to accept
on my return to London
which will be in fall
be well about the end
of November - my
address there is

152 Adelaide Road
NW

I like to spend as much
time as I can in the
Country. I don't know
whether you are acquainted
with this part of England
there is some very good
scenery in the neighbourhood

wooded hills and Commons
and I think in the autumn
there will be very fine
colour as there are a
great number of beech
trees. There are some very
fine views from the tops
of the hills, and the com-
mons are very suitable
for Cattle & sheep pictures,
so that I hope to make
some useful sketches.

I remain
yours truly

Henry Butler.

Dear Sir -

I am in receipt of
your letter enclosing cheque
for £15. for which I am
very much obliged -

I quite agree with what
you say about travelling
on the Continent, at present
I have only been in
England, Wales and Scotland,
but I hope some day

Burton
Barton

all

when I can afford to do so
to visit Switzerland
& Italy - but at present
I must be contented
to go where I can and
not where I like -

I hope that you will
be pleased with the drawing
when you get it from the
Academy. The light it was
in at the Reb - did not
very well suit it. as it
showed the grain of the
paper too much. so that
I hope you will like

it better when you have
it at home -

Thanking you for your
kindness I remain
yours very truly
Henry Burles
