

Worcester April 27 1846

Walter Channing M.D.

My Dear Sir:

Couldnt you dash off a scintillation from your everburning genius for the Advocate, so that I can get it early next week? I should be truly grateful if you would. Do lift upon the messenger of "Universal Brotherhood" the light of your benignant spirit in a kind, loving word for peace.

In haste

Yours cordially

Elihu Burritt

*Walter Channing M.D.*
