ABBAY OF GETHSEMANI TRAPPIST KENTUCKY 40073

---

June 6

Dear Victor

Many thanks for your good note. I was glad to hear from you and the news that you consider coming over is encouraging because it means you are feeling better. So am I. I am out of the infirmary for some time but still am limited in some activities, not however picnic by any means. How would June 18th be? At the moment that is best for me as I may be caught with trips to the doctor on other possible dates. Or else we could think of July 2?? I am still not too sure about that but it is quite a good possibility. Let me know. As to the dog, much as I would like to have a dog I am afraid I am more occupied with keeping stray ones away from here they make too much noise. But it is a nice thought. Best wishes to you both, hope to hear soon when you may come. Yrs in Christ always,

*Tom.*
