

that you were going to swing the hell out of me. That is the kind of talk I like to hear from you. You just swing the hell out of me by wearing the lacey thing that you have. So you are going to get a pair of brass knuckles. That is swell. I will swing me but you won't have them in very long. You are so damn wonderful and sweet. I can't wait until we are able to love and do all of the things that we like to do. Just a few more days and we will be able to love like demons. Boy I can't wait until we can do all of that in just living for the day that we will be together again. I know that you are just as loved & loved as I am and want me just as much. Your letters make me so hot and tattered. Damn, I want you so awful much. You have no idea of how much that I want you and love you. Honey, you care your self for a while. I was just talking to one of the fellows who work in the office and found out that I am going to the state of Washington. I'm not that hell. The damn army makes me so damn mad. I feel like going over the damn fence. Yes, but I am mad as hell. You can bet your boots that I'll send for you anyway. I don't know how much the train fare is but we will figure out our thing. I'll see if I can't get a few bucks right away and see what kind of a deal that it is. Darling, don't worry for we will be together some how. Just plan on coming to me anyway. I ought to know more about it when I am shipped. I'll call you in the morning and tell you.

Monday June 7th

My Darling Sweet Beautiful Wife!

Today is the beginning of a new month and this month holds happiness for us. This month will see our reunion and love again. Darling, the time seems to long by no less and I can't wait until we are once more able to get take in the most heavenly bliss that there is, married life. My whole body ring out in pain for the want of you. I never realize that I could love you as much as I do. Each day that live your deeper and more intense. I want to share all of the joy and happiness of real married life with you as soon as possible. I'm praying for strength to hold on just a few more days till we once more can get take in what is meant for married people. There is a rumor floating about that we will have to go down to the base for a few days before we are shipped. I really don't believe in it my self and think that I'll be moved by the army. I thought that I would leave today. Some of the fellows are leaving this afternoon. I was with that I was one of them. Pleasants, I was paid this morning and they took out the money for your allotment. So you should receive your money around the fourth or fifth. They also gave me \$75 of the credit money that they owe me. So I'll have enough dough to come home in cash enough

me. While we are going to have our big beer
 party and I am going to drink all of the beer that
 I can hold. I want to drown this pain of being apart
 from you like this. I am sure, the more beer that
 I drink the more that I want you. As I said today
 was very long and the usual long games and
 other games of running up all over the benches. Some of
 the catches are very high. Gerald hit 18 bucks in a
 long game. There is a card game going on under my
 bunk and one fellow is 33 bucks ahead. I value
 my money to much and have important reasons for
 using it. (nearly you) You know the old saying
 looking at her unlucky at cards. Well, as any fool
 can plainly see, that I would lose my shirt. Oh! God
 I love you so damn much and want you more than
 any thing. That is all that I can think of and want.
 I just got back from class and had a letter from you.
 Boy it was a joy to me too. You sound so cheerful in it
 and as if you couldn't hardly wait until we are to-
 gether again. That joke you told me was cute. I can
 see Carrie going thru the motions telling it. So your
 that was funnier than hell. Say, how about that
 dope John? I told you all the time about him now
 it seems that I am right. I never did like him and
 dis like him even more now. I remember you said

for us when we have another left, that is please
 the money that you get. I'm looking forward to
 our being together again so damn much. You have
 no idea of how much that I want you and need
 you. You are all that I am living for and want in
 this world. I long for you desperately and am dying
 for the want of you. Again I say that you can't ever
 realize how much that I love you and want you. My
 lips are trembling for the touch of your passionate
 kisses. My own arms ache to hold you in a embracing
 embrace. I just want you all over. I want to kiss
 your wonderful breast and kiss you from head to
 toe. That time, lets just let our passions run
 away with us and do no thing but love. Oh! Angel
 I want you so damn much and can't wait until
 we are able to love again. It is raining today and
 I've been trying to read all day but can't get my
 mind on what I am doing for I am thinking of you
 and want you so much. It has stop raining
 and I'll go over to see you and see if I have
 any mail from you. I just found out that they
 will bring it over here in a few minutes. Angel,
 I've been thinking of you so much all day long.
 you have no idea of how much that I want you.
 I'm so damn glad that this awful torture will be
 over in a few short days. I can't be too soon for

(5)

be are together again. Tell Mom & I up all about
 this damn thing. Maybe they will come across
 with some dough in order to help us out. Your
 allotment sure will come in handy and at
 a very important time. Honey, I want to love
 you so much and want to see you all
 the time. I'll tell you all about the party. I hope that
 I don't get too drunk and take a job at the
 Captain's. You see we can't suppose to know
 where we are going as of yet and they would ruin
 the plans who told me. Angel, plan on a long
 trip if I can't get that fun thing. Again I say
 that I love you and want you. You are just too
 wonderful for words. Well, it is time to go drink
 all the beer that I can hold. I hope that I drink
 as damn much that they have to roll me back to
 my bunk. Like a dog of beer. Angel, just hang in
 until I find out what the hell is going on and
 if I get the fun thing. Please, read here and beg your
 chin up. I love you more than anything in the
 whole damn world. Love & kiss you and loads of
 love. Don't forget you back to me.

Your Loversome Sweetest
 & Sweetest
 Husband
 Sunny

If I am really sent there like this fellow says I will
 be. I'll try to get back in the cables or into something
 else right away. Oh I'll wait and see what the deal
 is. If I do get a fun thing, I think it would be best if you
 would come to me instead and we could have the 15 days
 to ourselves. Oh then you could stay there with me. The
 2nd Air Force / Hq is in Washington and maybe they
 will re assign me out of there to some place else. Herbie,
 Dick and Chris are also going there too. Please don't
 feel too bad about it for I'll send for you as soon as
 I can. I can't go on much longer with out you and
 want you so damn much. You are my whole life and
 the only thing that I am living for. Find out how much
 the train fare is and let me know that. I know that it will
 be quite a bit but we will make it do any one here.
 Well, my mood is so damn low right now. I've
 been planning on coming home right away. Maybe that
 I can but I still think that it would be best for you
 to come to me instead. Talk it over with my folks
 and see what they say. I'm glad that I'm not going
 to the Calif. I don't like none of the fellows here. I can't
 stand you so damn much and can't stand it much
 longer. We just have to be together as soon as possible.
 I don't think that there is any justice at all. Oh!
 damn. I am so disgusted at it all. Now, I hate this
 damn army. I'll be so damn glad when I can get
 home and stay there forever. Well, it is time to go

want is to be with you as much as I can. I don't know how long it will be about going we also could all that but will find that out as soon as I can. I hope that the holy will assign me to some place close to home. But you can't depend on this dear Army. What makes me so damn mad, is that they build up your hopes and plans that you can be sent close to your home and all of that. I don't believe a damn thing that they tell me. I've said that before and mean it this time. It sure looks like that all the breaks are against me. Maybe fate said after I was so lucky to marry you said that was enough breaks for one man. I know that this is all based on you and if you don't want to make this long trip, just say so. You are the boss and you know best. What ever you say goes. All that I want and are living for is you. I may read hard that I can get a full length that would be the least amount if they don't give me that. If you say the word, we will be together again. We should not waste any time for who knows what the future holds. Maybe this week. Deal will be a good thing and for hope I won't have to go her the good after all. But, if you make up your mind to come to me you can bet your boots that you will be with me as soon as possible. Oh Angel, I want you so much and can't wait until

for the best part I'm going to get Orintha from her Angel. We just have to be together as soon as possible. I can't hate to tell you this awful news. I'll call you in the morning and talk it over with you. They cancelled the party until 6:30. Damn it, I've made up my mind. You are coming to me no matter if they send me to China. I'll still try for the full length and come home to you anyway. If you can't get it, I'll send for you write away. So come up your money and I'll do the same. We will have enough anyway and if not we can borrow some, some where. However, no killing no thing can keep us apart this time and sure as I can sitting here you are going to be with me. So you better plan on a long trip to me. If you have to, you can always get a job if you want to. Let me know how far this long distance to me. I want you so damn much and know that you feel the same way. I'll still feel some about the full length and will find out about it as soon as I can. I'll come home by plane if I don't get enough time to make it by train. So don't feel bad or blue about it for we are going to be together anyway even if I have to go over the hill. I love you so damn much and need you. I'll try to get into the Cadets or O. G. S. of I can. I don't know about the Cadets but I'll try. I'll wait and see how it all works out. I mean if you come and we sit another apt. I'll hold still for awhile. all I

Dear Peanuts, My Darling Sweet Angel Wife!

Well, I'm recuperating from the strenuous effort of
no called mess attention. What a day and all of that sort of thing. Boy,
I still say I hate K.P. and will always hate it. When I come home don't
you dare to mention for me to wash the dishes etc. But for you I would
do anything. Darling, I love you more than words can express. As
you know by this time, I'm a man of action in the way of love. I'm
just wild about you and adore you more than you know. I have
planned my attention to be in my tent and I'm remembering
out this letter to you. I wish all the so please excuse this awful
penmanship. I didn't get any more mail from you today
and do hope that I will receive a cornful of letters from you in
the morning. I am anxiously waiting for news of your Grand
Father and do hope that he is fully recovered by now. Darling
I want you so damn much and can't wait until I can kiss
you until your ears fall off. I want to embrace you with a
passionate bear hug, so tight that you will squeal with glee
of joy. Do you want me as much as I want you? I don't think
you do for it is impossible for any one to want another person
as I want you. Each day, my love for you grows more
intense and more joyful. Soon I shall explode with love
for you. My love being crisis out for the want of your touch and
caress. I can't wait until we can do something about this en-
gulfing love we have for each other. You have no idea of how I long
for you and your unceasing love making. It won't be long before
we can have more of our heavenly marriage bliss. But wouldn't
it be hell. Darling, I want to send you a card for our
anniversary but you understand that I can't get one until I get
to town. I'm going in tomorrow nite and find me. I also want
to send you some sort of gift if I can find anything that is
worthy of you in the line of fresh fruit. I may have to wait until
I go to Duxbury. When it shall be, I'll let you know. Today, the
resurrection has been life again and we can go to town again.

Some we said that we will be around here another ten days or so. Keep up the prayers and hopes, for we may not go over after all. I am praying that we shall stay in this great old U.S.A. for the duration plus. All of the fellows feel the same as I do, well, most of them do. I shall keep you well informed on all that I hear and what goes. Poor old Ralph is some where out in the high seas this very mile. I know the poor dick is frightened to death and more than likely, neither than a dog. If they decide to keep us over here, the ground echelon will come back by boat again. I do hope that they will let us stay over here. But you know all of the lucky breaks that I get. I suppose, I was too lucky meeting you and that is enough luck for me given in a life time. We have a whole life time of wonderful love to make this all up. I saw girl Emory of last mile and it was a great picture. I advise you to go see it for some laughs etc. Dick and I were in town to night and heaven help all the guys girls. Some we should send them a warning to get off the streets when these two wolves unshackled them selves from their bonds. I still see like these two S.I. eyes mine and more. I went over to the office looking for mail this morning and Dan told me to swing out the briefing room. Boy, I hit the ceiling then and asked him what the hell I should do, do N.P. or not. He said, Oh I thought I got you off N.P. for I spoke to the CO yesterday about it. You, in a gang are he asked to get me off. I told him that in order to that effort but more grateful. Did you go to Mass to day for it was a holy day. I couldnt make it in account of N.P. The week they are bringing back to the Dow. Hello Frisco, Hello, I saw that at Keeler Field back in Mass. Do you realize, the 4th we will be married nine months. Gee, how I wish I could be with you that day. I'll be thinking of you real hard, like I do each day, on the 4th. Well, but I get some cash time (alleg) for I am just plain tuckered out tonight. Will finish this in the morning and will add any more news that I can gather about things. Good night for now and I shall see you in my dreams. Dan I love you so awful much and just want you more than you know.

UNITED STATES ARMY
AIR FORCES

Good morning! How is my favorite pin up girl in this crisp morning of Nov 2nd. It is colder than a old maid here and my teeth are chattering. The office is like a ice box and I just made a fire to heat the joint up. In fact, I just climbed out of the sack a little while ago. I loved the elements and got up. Bro! is was rough getting up! Frost is all around in every thing and just to look at it makes chills. Dick was here ahead of me by a few minutes and it is now 10:45. He and Spore had no doubt time in town last nite and they didn't get in until this morning around 7am. The passes are only good until we are and how then worked, I don't know. There are the two so called master minds and so forth. I don't know which one I dislike the most. You know how they are and the tricks they try to pull. I get so damn mad at the things they do etc. Ed and I are going into town tonight to buy a jug and shoot some just. Sure well that I was going in to see you instead. Darling I miss you so damn much and can't wait until I'm with you again and this time for keeps. I received two nice long letters from you today written on Fri day and Sat. So you think that I'm in London now? I don't believe any more rumors until they come true. Darling, its no telling where we will leave this place. Some say it will be another ten days. I'm in no hurry to leave for the long we return here the better the chances of not going over at all. I thought that we would be over by now but I just can't understand the doing of this army. So don't think I'm in London to you receive mail from me there. All I can say is that I love you more than you know. I'm awful glad that your Grand father is much better and will soon be okay. Tell him hello for me. From the sound of your letter, you must be a busy little bee taking care of the house etc. How do you like it? I wish I could be there to help you out. Norman's pretty much of been a wow in something. Tell the kid hello for me and that he is a wolf. So Val is going to buy your sister a ring. Do you think it will work out?

I mean do you think your sister could be satisfied with that job for the rest of her life? I don't think she would be and what a life it would be. We are so lucky in having such a perfect blended message. We are just made for each other and are best when we are apart like this. I miss you so awful much and want you more each day. By now you have your money and can have some fun with it. Darling, go to some shows and have some fun. Please don't hang around home all of the time. It is so for me to do that but not you. I want one of us to have fun and be free. So get on the ball and shake a leg. No kidding, I shall be mad at you if you don't. I sure do wish that I could come home and take you into one hell of a time. Boy could we have fun! Well, it's time for me to go eat some shows so I shall take off for now. Finish this up when I come back. Just came back from shows and I was only gone about 15 minutes. Wanted to hurry back and write to you some more. I feel like I'm much closer to you when I write to you. Almost like I was talking to you. Darling, we can hear so many damn rumors around here that they go in one ear and out the other. Pay no attention to this one but this is what I've heard. That we would not go over until after Christmas. See what I mean. I think that our ground echelon left too soon for them don't know what they want to do with us. I guess it's some job in Washington that is the cause of it all. If we are going, I want to get it over with for the money we get over there, the sooner we will get back. It's like a morose hanging over our heads. All that I know is that I love you and want you more than you know. But with a document I was back in the cadets again and was just about finished the course and would wear my wings. You were so happy in it and we make all kinds of love. Maybe that dream will come true, who knows? I would give anything to be with you again and could hold you tightly in against me. Oscar feels the same way. He wants to hold you for days and never come out in the open again. Do you know what I mean? Son, I shall show what I do mean and Ah! Boy! Darling, if we hang around here and I find out we shall be here for a while longer, I may send for you again. So save your dough.

One can never tell what the future holds. I'm hoping and praying that
 I can be with you again real soon. How would you like to go back to Sioux
 City and be there for awhile? That would just be too nice for me to be real.
 Keep up the prayers and such, perhaps something will work out for us. So
 do like Jim being, pray real hard and hope for the best. Darling you can
 send the books right away by air mail and I'll get it. In fact by regular
 mail too. This will be my Christ mas package. The turn of Homer is still
 coming in but as you can see you went away. By the way, Maria
 don't work in the P.H. any more for she has a job in the Ad. Cause plant
 outside of town. She still goes with Mome to the flat one night. I
 will keep you well informed in all the latest news, gossip and rumors
 for I know that you are interested in them. I haven't played foot ball
 for some time because I've been so damn busy and such. You know how
 much I love to play it. The boys have a job game going on in the
 operations office and Jones is in it. The game is too steep for my
 money. I only like to play in a little friendly game and not for hard.
 I have to watch my money now much less risk it at cards. Ed
 Paul, Jimmy and I play 10¢ limit hot poker and you can't lose
 much that way. I told you I was 3 weeks the other nite and I'm
 ahead of the game. I may win 25 bucks in the old Army game, shooting
 brags yesterday in the mess hall with the Cubs. I lost two bucks
 and quit. I'm now a week winner in all games and will stay
 that way. This month I've used out 30 bucks to jump the board
 money from. Dick was almost as bad. I don't know what the hell
 these guys do with all of their dough. I was so damn glad that you
 found some film and will send me some more mag shots. If I can
 find film for you, I shall send it. Also will have some photos
 made as soon as I can. If I can get out at Lincoln, I shall
 have a good picture made for you. How about that? Anything you
 want that I can get, I'll do so. If I can find some place that has
 charms, I'll send you some. This I get into town tonight that
 place will be closed when we brought the one before. I shall try it
 though. Do you know, there is a certain soldier who is nuts about
 you and wants you so damn much. But you can't guess who he
 is. Damn I love you so awful much and want you something
 awful.

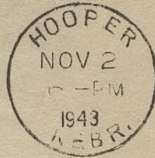

I hope that you enjoy my long letters as much as I do yours. I love to receive mail from you and never can get enough of it. I shall try to make all of my letters as long as possible. I mean if I have enough time to do so. I shall take time out to write long ones to you. There isn't much in the way of flying going on around here. The guys are just loafing around while we do all of the work. Now they have to have a guard in each place 24 hours a day. Just to keep the crews busy etc. I don't think that I'll have to pull guard duty because of all the work and of H.P. The crews don't have to do H.P. just the ones who do something wrong. But as for Corporals have to do it no matter if we are good ~~one~~ but. I think I shall do something but to make up for all of the damn H.P. I've been in. What do you suggest? I know, I won't rub my head off any more and that will make up for it all. Darling, I'm so much in love with you that I don't know what to do. I'm just nuts about you and want you more than anything. How would you like it if I would undress you and carry you to bed. Then I would kiss and caress you from head to toe. I would make love to you until we no longer could wait for the real thing. And then, Creas would go into his dance. Don't worry about him for he has a air tight contract to dance with you every day. As you know, he belongs to you and you alone. Well, I have a few things to do and will have to close for now. You must miss me a awful lot if you wish you could hear me hick and other things. Will do some for you when I'm with you again. God Bless you angel and loads of love. Don't work too hard at home and do have some fun. Be seeing you real soon.

the way we move. I like to ride the trains and see all the different parts of this country. It is a bit of fun to ride with a train load of soldiers for they are always cutting up and having a good time. I only wish that I was headed towards home instead of away from it. I guess that a person can't have you and have anything. I love you so damn awful much and will never be able to show you how much that I do love you. I guess we had the best party last night and I drank all of the beer that I could hold. I'm not kidding you, I was tighter than hell when I came back to the barracks. My dad & judgment. I should say I was just nursing all kinds of hell last night because that I was being sent to Washington instead of home. He said that I wanted to take a job at the Bay Train for doing that to me. So I must of had a good time (So then tell me) My dad & I must have had a good time when I found out about Wash. I still can't make them hell and would like to take the railroad stuff what I think of them before I leave here. They sure did an awful damn thing when they built up our moral and hopes by saying that they would send us where we want to go. One of the fellows has his wife with him and they are sending him out in the desert. There is not a train around for 65 miles and he doesn't know what to do. One fellow wanted to get sent close to home is under that he could get married and he is going with us. His home is in the east. New York I think. So you can see we aren't the only ones who are mad.

My Darling Beautiful Angel Wife!

It was so wonderful to hear your voice over the phone this morning. I sure wish that I could of crawled into that phone and come out in your end of the line. You have no idea of how much that I love you and want you. I guess, I am so damn mad about that deal that they are giving me. I don't believe a damn thing that they tell me any more. They said that we could go to any place that we want to go to and you are about kind of a deal that they handled us. I am so damn mad about that deal that they are giving me. Well, all that we can do now is pray that I get a furlough. I'm pretty damn sure that I'll get one and I'll come home to you. I am so mad about you so awful much and can't wait until we can love again. I guess, we will be together any way even if I don't get a furlough. But I am sure that I'll get one. We will be together as soon as possible. You sound so damn fine when I talk you about going to Washington. Angel you must love me an awful whole and want me just as I want you. Just have patients for we will be together just as soon as it is possible. They just called us and told us that we can ship in in the morning at 9 am. So I'll be in my way this time tomorrow. We have to go up to the base and catch a train out of there. So be prepared to hear from me in a few days that I have arrived at Wash or some place and call about my furlough. There is a U.S.O. down down

knew General could help at him. General jumping
 up and run like hell for the Q.V. The rest of us just
 stand there and didn't say a word. The Sgt went in
 and was looking all over for the rest of the intelligence
 men. He went in the Q.V. and there was General. So he is
 in K.O. tents. It seems as though this man don't
 of help and needed men right away. When I first
 began to write this letter he came back in and started
 taking names for the mile ship. Well, I run like
 hell for the door and beat it up to the Q.V. Just as I
 got up there the rest of the intelligence men got
 there too. I kept a watch out of the window and was
 enough he was headed for the Q.V. Well out the back
 door he all went. It was a mad rush and you can
 guess how it looked when 50 jump try to go thru one
 door at once. Interestingly, your husband was the
 first one out. I run over to the table and hid there.
 The Sgt caught about 20 jump and they are all over
 in K.O. right now. Boy, am I glad that I can run
 beat or else I would be over there cleaning away right
 now. When the Sgt. came through with the jump my
 list I headed in the run for the door again. But
 he yelled this time he didn't want K.O. I was a
 bit dumb full and hung back to wait and see
 what the deal was. Sure enough he had the shipping
 list. So I run just about in my way now. We
 will go over to the base and check out of there. I
 would go ahead if we had to stay there a day or
 two but the Sgt claims that we will leave from there
 in the afternoon some time. I'll be glad to get on

at the door and I think that I will attend. So
 I'll better get ready and clean up now. I will tell
 you all about the show. Then claim that there are
 a lot of gals in it. I love you so damn much and
 want you more than anything in the whole damn
 world. You have no idea of how much I need you
 and want you. As you know I can't go on much
 longer with out you for you are my whole life. Well,
 the gang is calling for me to hurry up and get
 ready, so I better move. It was a fair show but I've
 seen much better. The gals are rather nice looking and
 a few had talent. Anyh, all that I know is that I love
 you and want you more than anything in the whole
 world. You are the only thing that matters to me and
 that I care about. I should know by the end of the week
 about the job though or if I'll be next close to home. I'm
 so damn glad to get the hell out of this damn place for I
 sure do hate it here. It has just about ruined all
 day and this place is just one big mud hole. Every
 place that you go there is water and mud. We played
 a little ball this morning but had to stop for the rain.
 It has been a very dull day. The Sgt. has been looking
 for K.O.s all day and each time that he comes thru
 the Venches out the door says. I've run out that damn
 about five times today. We go up to the Q.V. and hide
 or hide in one of the empty tables around here. Boy,
 caught General and he is in K.O. tents. We run out the
 door. Dick, General and I, and run over to the Barber
 shop. We acted as if we were waiting to get a hair cut
 and the Sgt. came over to us. I turned my head so
 he wouldn't see me and so did the others. But he

well, I just got through packing all my things and I am ready to drive off. Again I say that I love you and want you more than anything in this whole damn world. I'll have to finish this letter in the morning for it is just about time to hit the hay now. I'll be dreaming of you all night long. However, you never leave my mind for a second. A soldier was recalling the dump, with his girl of the times they use to have. He said remember how we use to go into the woods and pretend sleeping and we'd say your father followed us and we really had to feel sleeping. Do you get it Angel? Please excuse this awful damn winking for I am laying in my bunk and am just about ready to hit the hay and sleep. I was so damn wonderful talking to you this morning and I wish that I could you all every day if I could. I be with you. Angel, let me know how much the call was and I'll send you the money. Don't forget to send your dough and I'll do the same. We want to have our money as we will have enough to get back together again. I say real hard that I'll get the fun laugh and can come home to you about this time next week. Good night Angel. The lights are going out now. I was morning Angel. I just got up a few minutes ago and have to get ready to leave here in a minute or two. I love you so damn much and can't wait until we are together again. You are so damn wonderful and beautiful. No one else do I care about and want to this damn crazy world. Angel, I'll have to stop for I have a million things to do this morning. I'll write

you so damn much and want you more than you'll ever know. No thing else matters to me but you. You are my whole life and the only girl that keeps me going. I can't go on with out you and want you more than it is possible. Just as soon as I can find out about the deal is, I'll let you know. I'm pretty damn sure that I can get a fun laugh and night away too. If not you will come to me as soon as it is possible. We had gone through enough of this damn torture and should end it as soon as we can. No body will ever know how much that she suffers for the want of you my little wife. I need you so awful bad and depend on you for every thing. Please write me some real nice passionate love letters to help cheer me up until I can get home to you. I will may be in my way home next Sunday is this time next week. I say real hard and it will all come true. I mean it. You are so wonderful and beautiful. You have no idea of how much that I love you and want you. Just hang in and have patience for soon we shall be together and I mean it. Oh! My sweet little Angel, my whole body aches for you and I can't stand it much longer. I know that you feel the same way that I do and want me just as much. This love of mine is just too wonderful for words. No one realizes how much we love each other and want each other. We were made for one another and are perfectly suited. Being married to you is heaven even though I am far away from you. My love and heart is with you.

on the train or wherever I am tonight. Just hang
on just a little while longer and soon we will
be together again. I promise you. No kidding around.
I'll be with you in a way that will be in a few days.
And I love you and love of love. Stay real hard
for what we want.

Your Sincerely & Affectionately
Jimmy

well, I have to pack all of my things tonight and get
ready to move out of here. I have no damn much
equipping now that I don't see how that I am going
to get it all in my back packs bag. I have all kinds
of packs and special G-2 bag to wear around my
neck besides my gas masks. I hope that we don't have
to carry out stuff for it'll never make it at all.
Just note one of the fellows here in the barracks went
over the fence to town. He and another fellow pick up
two girls and then took them to town. He said
that they looked around for awhile and then
then began to make violent love. He said at first
that she wouldn't let him force with her breast or
leg but she got all hot and hot and let him.
Then they really got to work and did it. He said that
during the course of the evening they did it about
3 times. This is one of the fellows who was washed
out of G-2 last week. Well, he came back to the base
about 2:30 and had to climb back over the fence.
One of the guards saw him and took a shot at him.
He said that he grabbed hold of the barb wire fence
and was he went. He cut the hell out of his leg and
his hand. Also that he lost his cap. If the guards
found it they will know who it was for his name
and serial number is in it. So they will catch him
in a few days. This is not the first time that he has
gone over the fence. Sometimes they will catch him.
He said that he was rescued to death when he
heard that along whine by his ear. Honey, I love

My Darling Sweet Beautiful Angel Wife,

Good Evening. you old Sweet Angel, well, again I have good news. I hang on to your heels and here goes. Today we heard through the Intelligence channels a damn good thing we are to be in Sinye City 3 months instead of 2 months. We will begin all over again in our training and it will be long before we go over the pond. We will get all new green combat crews just out of school and will have to train them. If we train them good, then will make us a Parent Group and we will be in this country for the rest of the war. How do you like that? This about being a Parent Group is definite, it depends on how good we train the men in China. So even if we can't make a Parent Group, I'll be in this country until the first of the year or about six months. So you will have that this will come true about the Parent Group. I'm so damn thrilled about it and hope that it works out. I have several plans to talk over with you when you come out to town. I may go into O.C. I'm running like that after I'm with you for awhile. Darling we will have so damn much fun when we can be together each night and can make love. Oh, I can't hardly wait until that comes true. It won't be long now. Just a few more days now and we will be together again and we can make love as much as we want to. I love you so damn much and can't wait until we are together again. You are so damn wonderful and beautiful. Darling, I went ~~to~~ swimming and boy! I have a real good tan now. I'm going in again in the morning or in the afternoon. Well, we have all of our things all packed up and ready to go. Our office is just as bare now as when we came in here the first day. I think that I shall go to the late show tonight and will finish this up in the morning. Boy, I can't wait until we are with each other again. My the way, my address in town will be. 445th Bomb Group (H) 701st Squadron S-2 Army Air Base Sinye City, China. So you can mail your letters to here. I'll go to the show now and finish this in the morning. I love you and miss you.

I didn't go to the show after all, for the line was too damn long and I
didn't feel like looking at it. Darling, all that I can think of, is the fact that we will
be together again in less than two weeks. Boy! I can't hardly wait until I can
put you and make love. You have no idea how much that I've missed you
and want you. Well, Gerald, is going to Salt Lake tomorrow to see about getting
into the Carleton. He seemed unless I mean to report there some time in the morning.
He will go before the Carleton board and then will decide if he is in or not. I wish
him a lot of luck, but can't see how that he will make it. Gerald won't be able
to stand up to the grind you go through is to able to take the upper class. He isn't
the type for the Carleton for he is too damn lazy and is a bit stuck on his self.
He is a good kid and I like him very much. He said that he would write
you and the letter and all of that. I want to keep in touch with him and find
out if he gets through anyway. Darling, I really can't wait until I can make
love to you. I'm all hot and bothered with the prospect of being you again. Shows
your shorts and pants (won't use much) in a bag and come on down here to
me. We will love and love till the cows come home. I have so many things
to tell you and we will talk, mostly love, for days on end. Gee, but I love
you so damn much. I'm just nuts about you. I received a letter from you today
and is it you said something about joining the messengers. If you ever get any
idea to join any thing like that, I'll have no thing to do with you for you are
nuts. I wish that I could unjoin the army. Stay out of any thing like that.
Darling, do you really want to come to me as much as you say. Well here
is your chance and take it while you can. All that I can say is that I love
you and will beat bumps on your head if you don't come on to Salt Lake
to me. I know that you will. I don't want to long miss. Tell, every one hello for me
and give them my love. I made me laugh about what your dad said. So
he won't let us go out alone when I come home. Dad, what he thinks. I think
will be lucky to see me for a second for he will be running around in
living. All that we will do is make love and make love and make love.
In between times we will make love. So hurry on out to me as soon
as I need for you. Good night for now and I'll see you in my dreams. I
love you and want you more than any thing in the whole damn world.

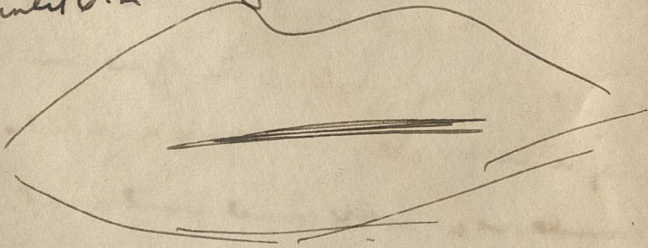

Good morning Aug. Boy, my back and belly give me here last night because they are overburdened. I look like a United States and feel the same way. I'd be out as a negro when you come to me. Can't say that is all that I can think of. You have no idea how much I love you and love you. Yesterday was St. James Birthday and we bought him a box of cigars. He got a big kick out of it and so did we. I told you about Sgt and his girlfriend in Salt Lake, well she called him up yesterday and wants to see him again before he goes to Iowa. I think that she likes him and would marry him if she could. She is a Mormon and he is a Catholic. He is trying to get a pass to go to see her today but I don't think that he can go for no one in the West. I'd be no damn glad when we get under way and get there. I'll give a gift from us in our place. Darling, can't you see how much fun we will have. I'll come home to you each night and you can have a wonderful meal all fixed up. We can take in the night life of Salt Lake and also other home and love. I think that I'd have to be back in the fort by about 6 am each morning so we will have to get an alarm clock in order to wake up. Honey, I can't wait until I'm with you again. I'll try to meet you at the train if I can. Oh! Boy, we will have no damn much fun and such wonderful times. I want you to understand that you are in for an awful lot of love. That's all we will do, just love and love. You are so wonderful and as you know, I'm nuts about you. Darling, I love you so damn much and will never be able to get enough of you as long as I live. All that I can say is to be build up your strength for you will need it. It will be just like getting hitched all over again only this time we know how to make love. Each time it will get better and better. So you want to make love as much as I do? That the making we did in Sweetwater is his stuff compared to the time we will now do in our new place. Boy, we will have no damn much fun and that love making will be just divine. I can't hardly wait until I can be with you again. When I see you again, just pick up for the best time that you've had in your life. I'm so damn hungry for you and want you more than any thing in the whole world. We are just laughing around the office this morning for we haven't a damn thing to do for all of our spring is packed. I'm like sweet love for he makes me a little mad last night.

There is no friend like your wife. Every one is looking out for himself
and no one else. I am, I'll be so damn glad to see you again.
Dick is always trying to get in good with the officers and always popping
off to them. You can see for and that's enough. Dick is looking for all
that he can get and I don't like a guy like that. He gives me a pain in the
ass some times. I wish that I had my could buddies back with me for
none of the D.C. can compare with them. The only reason that I hang
around with them is to have some one to kill time until I'm with you
again. Darling, I need you so damn much and can't wait until you
are with me again. As you know, you are my whole life and the only thing
that I care about. Angel, Oh my Angel, please hurry back to me as soon
as I need for you. I want you so damn much and can't wait until I'm
with you. Just hang in a few more days and then we will be together again.
Well, they are about to put the boxes in the trucks and I'll have to help
them. Will write you again tonight. I'm getting paid tonight at 3 P.M. and
you should get your money by the 5th. I'll call you in the phone when we
get to Saint City and tell you how, where and why to come. Have you
packed any of your clothes as of yet? You better get in the ball and be ready
to come when I need for you. I am, I can't wait until we are together
again. God Bless you and loads of love. God I need you back to me
in a hurry. I love you and want you.

My Darling Sweet Beautiful Angel Wife,

One more day has just and we reuniting is
one day closer. Boy, I can't wait until I can hold the flower of the Southern
Woman hand in my Arms. I love you so damn much and want you more than
any thing in the whole damn world. I can't wait until I can make love to my
Darling little wife. Just think in a few more days, we will be together again
and can live and all of that. I was paid today and was received \$20.95. So
then took the money out for your allotment and you should get it in the
next few days. Reason the bank will for it. It will come in handy and you
will need it to come to me. Darling, you should not have seen my
chest and belly is. I can't hardly stand to wear any clothes for it unless you
it and hair like hell. I do be real damn tan when you are with me and you
like for me to be tan. Boy the way I have a much damn of accumulation of
hair on my chest and you will like that too. Darling, I can't wait until I
can make love you and all of that. I want you to wear all of your black lace
thing and to wear your shorts a real whole lot too. Any some of those
have better garters also. Damn we will have so damn much fun making
love and going out again. We will go to dance and drink beer etc. Remember
how much fun we had at our last dance at Sweetwater. You got a bit rich
from the couple but legal stuff we drank. That won't happen again for we
won't drink no thing but the best of booze. Golly, I get all hot and
to think when I think of all of the love making we will do. Just as soon
as we are together again, let's get alone and make love. I want to kiss
you and kiss you. My lips are trembling for a bit. Remember kiss from
your heavenly lips. We will kiss the very first thing when I see you again
no matter where we are. Darling, I'm not kidding you when I say
you better build up your strength for you will need it. I'm so
love stressed for you and will never be able to get enough of your love
making. I know you feel the same way that I do and want me just
as much. I guess we can make love for when we kiss again and love

I didn't get any mail at all today and we got a couple in the morning. Today was just day and the old card games have sprung up all over the place. Some of the fellows are winning and a lot are losing their shirts. I don't play cards for I don't like the money. I want to see all of the things that I can and you do the same. Working, all I did today was being around the benches and sleep off and in all day long we haven't had a thing to do for all of our stuff is packed and in the freight cars ready to go. Don't know just when we are going but are supposed to go Friday morning. There will be about 3 train loads to move the whole camp and we will go in Pullman cars. The army treats the men good in the road. Like hell they do. The chums with no damn good in the troop trains but it is worth while to get the hell out of this damn place. I hate this place more each day and it gets hotter than hell here. This desert is hell and I can't wait until I leave this damn place. Working, all that I can think of, is how much I love you and want you. Just think, this time next week you will be with me in the hay. Do you feel very happy about the prospect of being with your husband again. I am so damn happy and thrilled about it. Gee, I can't wait until I can hold you in my arms again and make passionate love to you. Think all that I've been living in for the past four months since we've been apart. It seems like years since I last saw you and made love. You are so wonderful and beautiful. I'm always looking at your pictures and now I'll be with you in the flesh. Won't you be glad when you can go out and have a good time again. I'll make you so damn happy and we will have so damn much fun. Gee, I can't wait until I'm with you again. I dream of you each night and think of you all day long. I'll be so damn glad when the pain of being separated is over. You'll never know how much I've suffered for the want of you. At last it is about to end and we can do as we want. How do you like the idea of crawling in bed with me every night? I think that will be so damn wonderful. I'm not sure, but some times I'll have to work at nights but I don't think it will be very often. Pray real hard that this rail pit will be made into a Gen and Camp. I may try to get back in the Canteen or O.C.S. if we have to go across over the pond. So don't worry about that and I'll stay with you if you want me to. Dam, I love you so awful much and want you.

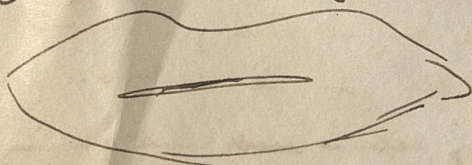

(3)

It is getting rather late now and I have to drive before I let the boys
I went to the early show and saw Peter King with Jewel & Hardy. It
was so damn funny. I laughed and laughed at those two nuts. You
know how damn funny they are. Don't you wish that we could go to the
show like we use to do on Friday nights and eat supper in town? Well,
we can do that again in about a week and we can go home afterwards
and make love. I'm sure I'm going about this married life and can't
wait until I can have more of it. Thanks again for becoming my
wife. We will have to celebrate our fifth anniversary when you come to
town. We will have to celebrate a whole lot of things. Darling. The
time when we love, lets me cure man and dog with style. Lets
just make love for days and days. All kinds too. Well, I better go
have now and will find this in the morning. Good morning Angel!
I had the dumbest dream last night. I thought I had a discharge and went
home. We had a apt and I had a job as a salesman in a clothing store. It
wasn't Apples but some other store, I made a whole lot of money and we were
having such a wonderful time. No, I hope that dream comes true in a very short
order. Don't it will because we will be together in a few days. It is definite now,
we are leaving July 3rd Sat morning. So we should get to I was by Tuesday
I'll locate a place for you as soon as I can and that will be about Wednesday.
So I'll send you a wire all about it about Thursday telling you to come on.
Perhaps you can come on sooner than that and go to a hotel until we find
a apt. I would rather you pick it out instead of me for I'm not so very
good at that sort of thing. So how about doing that? You should have your
money in next week and come on to town as soon as you get it. I'll call
you in the phone or wire you. I'll get a room at some hotel for you and you
can come right on then. Good I will call you first to see if you are ready
to come. If so I'll get a room for you and you can catch the first train
out to me. So Angel, this time next week, we can be together again and can
make love. Just as soon as we have a place of our own, I can live off of the
put with you. So the sooner you come to me the better. Darling. I can't wait
until I'm with you again. I know that you feel the same way and want
me as much as I want you. Darling, I love you so awful much. All that
I can think of is being with you again. Each day. I love you more and
more. You have no idea of how much I love you and want you. You can
find out in just a few more days by my actions and love making.

(4)

No kidding, Angel. you better have all of your things already to go. you
haven't much time now for you'll be getting on the train Wed or Thurs. The trip
won't be so long for you for it is only about 625 miles by air and I don't
know how much by rail. It should be about a long ride on the train and
you can make that long. If you don't think you can and that you don't
want to come, tell me when I call you about Tue or Wed. Stay home these two
days for I'll call you at the first chance that I see you. As I'll miss you and
we want an answer if you are coming or not. I have to come for nothing
can stop us this time. you should have your money by next week and if
not we will borrow some. So prepare your self for the trip and an awful
lot of live making. No kidding. This is it, at last. I love you so damn
much and want you more than any thing in the world. you are so wonderful
and beautiful. I can't wait until we are together again - But I'll tell you
can think or write about. Tell your family hello for me and that I'll be
seeing them in a month or so. I hope that you can read this writing for
I'm sitting on my back writing this. I sure hope that I get some mail
from you today. I got up rather late this morning, 6:15 and missed bus. So
I had to eat in the P. H. Cafe. As I sat there eating, I said to my self, "It
won't be long now, before I'll be sitting on the other side of the
great salt table. Boy, that is a wonderful thought and I keep on thinking
about it. Just being in a few more days and then we will be together
again. All my friends are dying to meet you and all of that. Well, I
love you so awful much and can't wait until I'm with you again.
I'm going to the pool again today and take a mineral. I'll stay out of
the desert sun. It is a pretty night, the pool, the desert on one side
and mountains on the other side. The water is full of salt and it is easy
to float in it. Well, I'll close for now. I love you and want you more
than any thing in the world. God Bless you and loads of love. God Speed
you back to me.

and I can see you.

ARMY AIR BASE
WENDOVER FIELD, UTAH

Thurs. July 1st.

My Darling Sweet Beautiful Angel Wife,

Today is the 22nd week of our married life and before we move with James we will be together again. July 4th will be the 5th month of our married life and I'll be in the Army 13 months, counting the time that I was at home, then consider from the day you were married in. I love you more than I did a year or a week ago. Each day my love grows more and more, for it is endless. It will always grow and grow. I can't wait until I'm with my Darling, wife. You are so wonderful and beautiful. Today, I went on a four hour flight and a very peculiar thing happened to me. Yes, at least that the air felt very rough up with me and I checked my cockpit (Airman's diary for hearing) that is the first time that it has ever happened to me and I can't understand it. I suppose that I'm used to flying in small ship and not used to the B-24 bombers. Also counting date for check at home. When you are air rich, you are a rich duck. I don't like the bombers at all and would rather fly in a two place job any day. You can hear the bombers in your ears as far as I'm concerned. It's just like riding in a damn hot car. My stomach never has come down and is still flying around up there some place. With the hell it would come on back down here where it belongs. I still feel a bit rich but will be down in a few hours. I didn't eat any supper for my belly is still flying around some place. You should see this damn Salt Desert from the air. It is barren and not a damn thing for miles. You can see mountains in the distance but that's all. After I got rich, I went to sleep in order to keep from getting richer. I have a awful damn taste in my mouth and can't get rid of it. I'm going to hit the hay early so I'll be in the hall again in the morning. All that I can say is that I love you and want you more than anything in the whole damn world. You have no idea of how much I want you and love you. Angel, Red Peters here

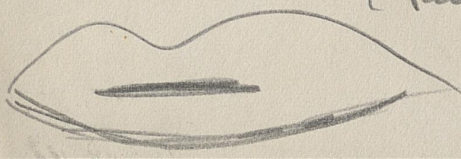

(2)
is only 185 miles away from Springfield. He said that it was easy
as hell to find a apt and that the train was full of them. So I'll
wait until you come so you'll have the pick of them. Prepare to
drive off by next Friday at the latest. I'll call you on the phone
as soon as I arrive there and we'll make the final plans then.
Deems, I sure hope that you get your dough by then and I know
it will come by next week. No fooling, you better be ready to come
in a few days. I'll get a room for you at some hotel and you can
find a apt that you like. Even if I can't lie off of the job (I know
that I can), we get a gas every night. So as you can see, this
is no break and let's take advantage of it. I love you so damn
much and want you more than anything in the world. I received
a letter from you today and was so damn glad. So your old friend
Mr. Mann is going out with a movie star. I bet you two to one, he only
takes her out for one reason and you can guess what I mean. Some
of the fellows were telling us last night what a rough and wild town
Elko Nevada is. They claim, that the women get you up there and
will give you the works. I'm sure glad that I didn't go there for I
hate that sort of thing. Dear boy, you have a husband who adores
you and loves you so damn much. I can't wait until I'm in
your arms again. Do you still want to make all of that wonderful
love and all of that sort of thing. I can't hardly wait until next
week when I'm with you again. We should be together for sure by
next Sat or Sunday a week. Boy, I can't wait until that day
comes when I can wake up and find your beautiful head next
to mine. It's just wrong around each other when we go to sleep.
(If we ever sleep.) Dear boy, you have no idea of how much I
want you and need you. As you know, you are the only thing that
I care about and that I'm living for. Boy, I'm just nuts about
you and can't wait until I'm with you again. It's mine bells
now and I'm going to hit the hay so I'll feel okay in the
morning. I love you more than you know. Will find this in the
morning and will be dreaming of you all night long.

RICHARD J. DAY
ARMY AIR FORCES

On no morning Angel. I'm down at the office and had to use
some of these pages for mine is up at the barracks with my pen. So
please spare the pen. Again I say that I love you and want you
more than any thing in the whole damn world. I went to a show yesterday
morning and it was "Aerial Gunner", it was taken at Hazelton, Texas
and if you want to see what the H.A.A.S. looks like, go see that picture
for it is true to life. I saw my old barracks, the funny way and all. It
was just like old times again down there. I'm now glad that I don't
become a gunner for I now hate the numbers. As I said before, I
belong in the mail just plain and I like them the best. I don't
get up until 7 am this morning and missed show again. So I ate in
the R.V. cafe, I now like to eat there for the food is good and you have much
more pleasant surroundings. Well, we are supposed to leave here in the
morning about 10 am and will be on our way. I can't wait until I get
there as I can send for you. Recently, if you want to, you can leave for there
right away and get there about the time I do, it will take a long train
longer to get there than a regular train and realize that we have to go
about a 1,000 miles and you only have to go 625 miles. So if your
money comes, shove off right away and you can get in touch with me
by phone or wire. Just call a wire my out fit at Saint City Army Air
Base and you can get in touch with me that way. The sooner that
you leave for there, the sooner that we will be together and can love. I
can't wait until I'm with you again and can love as it was intended
for us to do so. I love you so damn much and want you more than
any thing in the whole damn world. I'm just nuts about you and
love you more each second. You are my whole life and the only thing
that I care about. So jump on a train and hurry on out to me

as soon as you can. No joking. Come in as soon as you get
your money. If it doesn't come we will borrow more from Mom
and Dad until it does come. It will be only a temporary loan for
it's a sure thing that they will get their money back in a very short time.
Dear, I can't wait until I'm with you again. Gee, but I love you
something awful and want you more than you know. Show your pictures
in a box and come in and tell me to show you how I love my husband.
If you want me to, I'll get out of this and get it out going to be made
to paint a house and get into something that will keep me here for the
duration. I may go into the Carletons again in order to stay near here
with you. When, I'm with you again, I'll never want to leave you
for ever. I know that you will feel the same way and I'll do something
about it. My whole life is yours and you are the boss. What you say
I'll do and I'll do anything that you want. I can't wait until I
can hear what you say about coming to Scripps City. I hope that you are
as happy about it as I am. Boy, I can't hardly wait until you are
with me again. We will have our own little apt. and can live like normal
married people as best as we can. I told you about Sgt. Sperry
and his affair in Salt Lake. Well, he is thinking about marrying
the girl. He loves her and she loves him. So I'll look up that
we are shipping out and she is coming out here in the morning to
see him. I think that he will pay the picture to her. Again, I say
that I love you and want you more than anything in the world.
Please, hurry in and be with me as fast as you can. God Bless
you and sends you love. God Speed you to me in a hurry.

With all my love,

Your Impatient & Loving Husband

My Darling Sweet Beautiful Little Wife,

Today I received two magazines signed from you and in one of them was enclosed some pictures of me in my flying top. I'll keep them until you come to me in Salt City. So if you want them back, you'll have to come and get them. Angel, you said that you would go back with me when I get my pay check. I'm afraid that I won't get it for some time and that you will have to come on by yourself or wait until I come home. I know that you want to be with me as soon as possible, so come on by yourself as soon as you get the money or can borrow it until your money does come. Remember, you should have your money in the first or middle of next week. If I were you, I would buy a train as soon as I get the money, in order that we can be together as soon as we can. So buy on a train and get your job checked out to me as fast as you can. We haven't heard yet when we are leaving but it will be in the morning on Sunday. The train cars have arrived and all we have to do is get in them. Darling, please come as soon as you get your money and perhaps we will get to Salt City about the same time. I told you about what Peter said, that you could find an apt as long as hell. So you come on out and we will find a cute place together. I would rather you pick out the place for you know more about the sort of thing than I do. You let me know when you are coming and I'll make arrangements for a room at a hotel for you. I'll call you in the meantime, that is if you aren't already on the way. Remember that you get there, the sooner I can lie off of the job, so come on out there in a hell of a hurry. I love you so damn much and want you more than anything in the whole damn world. Please, Oh please, hurry out to me as fast as you can. I would call you from here but then would cut the call off when I began to tell you about moving. There are no damn secrets about the movements of Hunt Group. For the enemy would give anything to know how many we have and where they are. So be careful and not tell anybody, where you are going. This game of war is very serious and we have to take guard all this for his nut pit depends

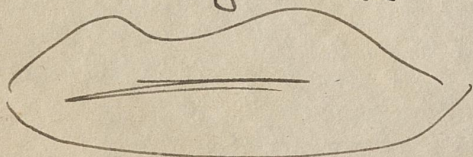

in him keeping his damn mouth shut. I really shouldn't tell you
all of the things that I do, so be careful. When you do come to me
and you see and hear all of the types of things that I'm doing, don't
ever tell any one about it. As you know, all intelligence work must
be a secret or else it won't work. I know damn well we have to keep
every thing in the C.T. You asked me to describe St. Jones and I will
to the best that I can. I should say he is about 32 years old and his
home is in Kansas. He is a very active and you fellows and
full of life and fun. He is about 6ft 2 and weighs 200 lbs. As you can
see he is a very large man. He has a gut in him like your dad's and
not quite so heavy as your dad's. He always has a cigar stuck in the
side of his mouth and always has a roach in his feet. To look at his
features, you would never think he was an officer. He is an all around
guy and a damn good fellow. He is a lawyer and the youngest
member of Kansas State Legislature. He is a very brilliant man and
knows a hell of a lot. But he isn't the type that blows off about that.
You would think he was just a ordinary fellow and with one eye
I'd just to look at him. I'm very anxious for you to meet him
for you will get a big kick out of him. He is always asking about
you and how you are. I want to have him up to our apt. some time
for Chas. Darling, you will like the whole gang. You know all about
Dick and Gerald. Ralph Miller, the other fellow in our S. 2 section (I
mean Dick, Ralph, myself, Sgt Speng, St Jones) is a young guy about 19
years old and a damn nice kid. He doesn't drink or smoke and
never has made love to a girl. We call him our official younger leader
in Chapham. We did the hell out of him. He is blond and about my build
(of course not as handsome etc.) and his home is in Indiana. Sgt.
Speng is about 5ft 7 and very dark. His first name is Tim and we
call him short stuff. He is a good guy and is one of us. His bunk
is next to mine. Dick, Tim and myself ate in the P.T. Cafe tonight
again for the Chas then just as in the mess hall isn't much a damn.
I told you about his gut in S. S. City and he is thinking about getting
married. He is asking my advice on all about it and I'm telling
him to do it for there is nothing like married life. But Compton, our
S. 2 section and you know that guy Canary, we now have six
photo men attached to us but they don't count. There more or less
try to have others and don't hang around with us. For some reason

3
or other. The Cavalry Crews all like to chew the fat with you and
husband. The gunners all live in the same barracks as I and we
are always falling around. As you will see, this is a damn good
unit. Jimmie told me yesterday, that when he is advanced to
a 1st Lt. he will more than likely will be made a Group S-2
Officer instead of a Squadron. He will have his own Group S-2 unit
and that means he will be eligible to another unit fit. I
think that he will take us with him. I don't know when that will
happen, but I want to go with him for you know how I feel about
him. Tommie, wants some more advice so I'll step and
tell him. Well, I give him a lot of sound advice about things. You see, this
gal is a Mormon and Thomas is a Catholic. He doesn't know a hell of a lot
about his faith and is asking me all about it so he can explain it to
his gal. She is coming out here today to see him before he gets out. We
may go today or tomorrow. So he may need her to marry him.
From the latest reports, we will be in South City about 4 to 6 months
and again may be made into a Parent Group. Darling, all I can say
is that I love you and want you more than any thing in the whole damn
world. Just think, in a very short time we will be together again and can
make love. That is the only thing that I can think about and dream
about. Each second that goes by, brings about our reunion a second
closer. Boy, I can't wait until I can hold you in my arms and
comfort you with hot, passionate kisses. You have no idea of how much
I love you and want you. I leave hung in out to me as fast as you
can. I wonder if you are thinking about me this very minute like I
always think of you? I know that you are, for you undoubtedly love me as
much as I love you. My love grows more each day when we can't get
and I wonder how it will grow when I'm with you again. Let's love
at every chance we have and let's just be alone with each other as much
as possible. I just want you to my self and I'm rather glad that I'm
not getting my fur lunch right away so we can just be with each other.
Darling, I love you so much and you'll never be able to understand
how much I do love you. I need you so awful much and want you
more than it is possible. Darling, I have just loads of things to tell
you. Things that you have told me and things I've seen.

(4)

Let's go to a lot of dances and go places when you are with me. I know that you want to go out and have a good time for you are too dum tired of being a home body all of the time. I promise you that I will make you happy and we'll have just loads of fun. We'll get tight etc and just have bunches of fun. We'll do all of the other things that we are to do, only this time have twice as much fun. Darling, I love you so damn much and want you more than any thing. When we love this time, lets not feel around, I mean lets make it just too wonderful for words. Remember how wonderful it was the last time in Sweet Water. Well, that can't compare with how wonderful it will be this time. Darling I never want to leave you again and will make plans that I will always be with you. Much as I like this work and not get, I will get out of it so I can be with you. You are my whole life and the only thing that I care about. You are my Sweet little wife, who I love so damn much. I hope by now that you are just about ready to go. Have you packed any of your things as yet? I think that you better begin, if you haven't for you will be in your very own time next week. So as I said, as soon as you get the money, drive off for I was. Perhaps, we can spend next week and with each other, if you do this. So soon that you leave home, so soon that we will be together. Don't be afraid to travel in the train for you are a grown married woman and can take care of your self. I love you so damn much and want you more than you know. Well, it is getting rather late now and I must hit the hay. I will write you again tomorrow and will write you each day in the train. Don't forget, to hurry in out to I was to you for the insurance which husband. Tell your family hello for me and that we will be back here some time soon. God Bless you and loads of love. I leave hanging in out here to me as fast as you can. God Speed you to me. I love you and want you more than it is possible.

My Darling Sweet Angel wife,

Hells! you old Sweet Thing. Well, we are leaving here Sunday night about 8 pm and will get in Salt City about two some time. Please excuse this couple writing. I have to pack all of my stuff in a little while and prepare to move off. I hope that you are about ready to come in out to me. I didn't get any mail from you today, but got a letter from your Mom and Mother. Tell them I'll write as soon as I can. They want to see you and I can't visit until I can make due to you. Just think in a few more days, some time next week, we will be with each other. Well, I can't hardly visit until this with you again. I love you so couple damn much and want you more than anything in the whole damn world. You are my whole life and the only thing that I care about. Thomas is going to pop the question to his girl friend some time today and I'll let you know all about it. It is no very interesting affair and she is damn money. Aren't you interested in things like this? I'll let you know all about it, for Tom tells me every thing and asks my advice. Can you imagine some one asking me what to do. I'm no damn glad that we are married and I can look forward to being with you in a few short days. By the way, I heard again, that we are going to be made a Parent Young and may be Government party at Salt City. Boy that is swell and we can be together for the duration. How do you like that? This will be our annual for the first of the year and we can go home and live normal married life, but in the mean time, we will be together anyway. I love you no damn much and more than you know. You are just too wonderful for words. Well, I'll never be able to get enough of you as long as I live. So be prepared for an couple lot of love making etc.

②

My. I. in no damn glad that we are leaving this damn place at last. We
thought for awhile that we would be here until Sept and my girl we
go on and more. The 394th will stay here and we are going to Sines
in their place. My. I. in so damn happy about that and can't wait until
I get there with you. Please hurry in out to Ann as soon as you can.
You ought to have your money in now in the middle of this next week. Don't
as you get it, hop on the train and come in out to me as fast as you
can. I can't wait until you are with me and I know that you feel the same
way. We belong to each other and should get together as soon as we can.
So hurry in out to your soldier husband. You can make this trip as
and it will be a short one for you. Please hurry in out here to me as
fast as you can. I. lo go nuts just waiting for you to come. I need you
so awful bad and need your love making. You have no idea of how much
I. ve missed you and want you. You are my whole life and the only
thing that I care about. Bring all of your remaining clothes with you, not
that you will need them, but I love to see you in them. Bring, your shorts
and halter etc. By the way, I. in going to take you for a swim next. You
shouldn't be afraid of the water and I'll take care of you. You have no idea
of how much damn fun it is. You'll get a nice tan like I have if you go
with me. My girl the valley is colder than a feet and I'll turn warmer
than a nap when you are here next week. I have loads of new hair
in my chest and know that you will like that a real whole lot. Well,
I better start to pack my pink nose. I. lo finish this in the morning.
The only part I don't like about moving is hauling the two tin bags
around. Hope that we have trucks to move them. Just remember that
I. in waiting for you, so hurry in out here to me (I. in) as soon as
you can. I. in. I want you so awful much and can't wait until
that first kiss. Practice just in my up for that first one will be a beaut.
Tell everyone hello for me and give them my love. I want you more
than anything in the world and know that you feel the same way.
I'll dream of you again tonight and will be thinking of you every
minute that I am awake. I love you and want you.

(3)

Good morning. Dear King. Do you know what day this is? July 4th.
Not only a great day in the history of the U.S.A but a day in our life
that is wonderful. We have been married for months today and it
has been five months of heaven. I only wish that we could have been
together all of this time instead of so long apart. But this will
be ended in a few days. I was sworn in 13 months ago today also.
Darling, when we are together again, we'll have to celebrate this day.
Just think of all of the fun that we will have. I can't wait until it all
comes true. As you know, you are my whole life. Well, my bag is all
packed and we are on the train by now. Thank goodness, I didn't have to
carry my bag. They had trucks to haul our bag to the train and we
won't see them until we arrive at Saint City. Won't have to worry about
handling the damn thing all over the train etc. When we have our cup and
a bit of the good, I'll bring all of my stuff to our place. When we go
home on a full bag, I want to take a lot of pink socks home with me.
Angel, I heard again today, that we would be a present of my and a
precious gift. Boy, I sure hope that comes true and I think that
it will. So I'll never have to go over seas if it is true. My real heart
that it will be like that. Tom is asked the girl and she said yes. They
haven't made up their mind yet, just when they want to get married. I'm
suppose to meet them at the P.T. at 10 and we are going to Mass. I'll
let you know all about her etc. As you know, she is a school teacher
and a Mormon. Don't tell her the thing I checked him in
about the Catholic church and she is about now over. Today, I'm
to finish up the job for him and win her over. I'll let you know how
it all turns out. Angel, the next time that I'll write you will be on
the train. Don't know, if they will let us mail them right away
but will try to anyway. Please hurry on to Saint City as fast as you
can. I can't wait until you do come to me and we can live. Can
I love you so awful much and want you more than it is possible.

(4)

well, it is about time to go to Chicago and I want this to catch the
mail plane out this morning. Just remember to love you and hurry
in out to Chicago as fast as you can. No kidding, this time, we are
really going to be together at last. You better pack your duds and come
in, so we can stop wasting all of this valuable time. I'll call you as soon
as I can. By the time you get this letter, I'll be in Springfield or just about
there. So if your money has come, buy a train and come in out. If you do
come before I call you, wire me so I can get a room for you and
meet you at the train. The sooner that you come, the sooner that I can
live up to the part. I'm dying for one of your wonderful meals and
can't wait for your love. Have plenty of it ready when you come. It is
raining out of my ears and just writing for you. So hurry up
before I explode. I'll write you again on the train and will keep you
posted on what's coming. You can use the address in Iowa and I'll
get my mail there. Please! Oh please, come in out at once for I
can't wait until you are with me again. Please this awful writing
for I'm using my nose as a pencil. It's time to go to Chicago now
no other have to close. I love you and want you more than any thing
in the world. I'll be seeing you some time this week. God bless you
and loads of love. Hurry in out to your husband. And I send you

My Darling Sweet Beautiful Wife,

Well, we have to spend one more day in this place
 for they can't get a engine for our train. We will leave in the morning some time.
 I think it will be about 8 am or so. Dick and Ralph or guards on the train
 and go on tonight. Then have to guard all of our recent material in the
 safe. I don't have to catch that and I'm so damn glad. Tonight, Billy Hillbert
 the movie star was here and he was really good. He had his wife and Kay
 McKevige. Kay is a new star and she is very beautiful. I don't put in a damn
 good show and all of the soldiers get a big kick out of it. I've seen a no.
 of stars since I've been in the army. When I'm home to Sinal City, you see
 me I'm with me. Darling, didn't we have fun this time last Fourth of July. Gee,
 I sure wish that I were with you right now. Did the kids have any fun with this
 year like they had last year? Please excuse this awful writing for I haven't
 any thing to write on. Damn, I love you so awful much and want you more
 than any thing in the whole damn world. I can't wait until I'm with you
 again and can make love to you. I received a letter from you today
 and you hadn't heard the good news when you wrote it. But you said in
 it, that you were coming to meet me as your money came. You should
 have it by now and by on a train as soon as you can. We should arrive
 in Sinal City around 12 or 13. If you have your money, before then,
 please leave at once. I want to be with you for next week end. I can't
 wait until I'm with you again. You are so wonderful and I
 love you more than you know. So please hurry on out to me as soon as
 you can. I know that you want to be with me as soon as possible
 just like I want to be with you. I want you so damn much and can't

morning, that we would be together as soon as possible. If all goes well,
you should be with me by next week end. Please hurry in out to me as
fast as you can. I'll have to make this a short letter for I have to hit the hay
early tonight. We have a long trip ahead of us and you have no idea of how
it is on a train trip. I'll wake you up early each morning instead of
letting you sleep. But that is the way. I'm sure we have fallen in love but
I won't believe it until I see them. Again I say, I love you and want
you more than any thing in the whole world. You are my whole life and I
need you so damn much. I'm just plain nuts about you and will never
be able to get enough of you. I want to kiss your wonderful heart and lips.
I want to feel your little pieces up against me in a passionate embrace.
I want to make you for bed and crawl in with you. It will be so damn
wonderful to wake up each morning and find you all wrapped about
me. I can't wait until we can do all of that. You are just too damn
wonderful and beautiful for words. Well, I should be in bed now and
not else. Just remember to hurry in out to love as soon as you
can. We want to be together by the week end if it is possible. I'll write
you a long letter on the train in the morning I love you and want
you more than any thing in the world. Please hurry to me. I love
you and loads of love. God Speed you back to me in one big hell of a

My Darling Beautiful Sweet Angel Wife.

Here is just a short letter for it is
a bit late. I was so glad to hear your voice
on the phone. My, it is so wonderful that you will
be out here next Tuesday. My, I can't hardly wait
and I know you feel the same I am sure. You are so
wonderful and I love you more than you know. So please
hang in out here to me as fast as you can. I'll meet
you at the train at any time that you wish. So don't
worry about that. Write me and let me know when you
are coming so I can make plans.

Home, this is the best of the
place and I like it very much. This is a fine camp
and has every thing in it. I haven't seen much of the
place as of yet but from what I've seen it is a nice
place. I'll let you know all about it when I see I know
that I can live off the place when you come here. So hang

My Darling Sweet Angel & our Bored Wife,
Well, just a few more short days
and I'll be able to hold you in my arms again. I can't
wait until that wonderful day comes. I'll meet you at
the train no matter what time it gets in. I love
you so awful much and can't wait until you get here.
Just think we've been married 25th weeks today and
we can be together in our 25th week. Do you know that
it has been just about four months since I last kissed
and saw you. Boy, I never want to be away from you
again. You have no idea of how much I love and want you.
As you know, you are my whole life and the only thing that
I care about. Darling, today I heard that service will
go in 24 hour duty and that means I'll catch some
night work. But I can be with you in the camp when that
gets into effect. I think that it will be about a week of night
and so on. But we can have fun in the day time and go
on games etc. We will have so damn much fun. It will be
just like I had a job and came home to you each night.
This will be my last letter to you for I don't if this one
will reach you before you leave. We have so many things
to say to each other and so much love to catch up on.
Just as soon as we have an apt. I can live off of the

Just. Until then I can get out being night. Just all of the
gang has gone to town tonight but I want to have about
little dough I have, until you come. So we can have one
hell of a big time in it. Sgt. Jerry said, that I could borrow
money from him any time that I needed some. So you
can see, we have no worries this time. Besides, I got
retire money when I let off of the post. A lot of the fellows
are going to send for their wife for this is a swell place.
They claim the town is full of fun and life. So come
prepared for one hell of a big time that will never end.
We will have more than from them the law allows. We
will make here for days and days. Don't know when I will
get my pay though by when I do, we can have a honey
moon. I can't wait until you get here. I am going
to the show tonight and see Abbott and Louis Costello.
They have a Air Contention show here. This place is the best
I ever D.S. Camp that we ever seen. Truly, I sent two
of my own men uniforms to be all cleaned up when
you come. I'll be all checked up and so don't tell that
you won't know me. So be prepared for a big haul -
some Soldier to run up and give you. Boy, you better
bring all of your shorts etc for it is a bit hot here.
Don't know, you have no idea of how damn good that I am
to get off of that damn desert. That was one hell of a
week and would of gone nuts there if we hadn't left when
we did. I can't think of any thing but your coming
out here to me. Boy, I love you so damn much and
can't wait until you arrive here with your kiddie.

Well, today we moved into our new office and Oh
it is a swell one. We are right out on the ramp
and right next door to our hanger. I can look out
the window and see just loads of planes. Norman
would have a fit if he could see all of the planes in the
field. This is a swell place and what you would call
a soldier's dream. We have a swell B-X and everything
that you could want. I'm not sure, but we may be
here for the duration. Anyway let's jump for that. We have
three rooms in our office. One waiting room for the
pilots etc, a drawing room, and a office for Lt. Jones.
By the way, today a new officer, Lt. Meyer, was assigned
to us. He is just out of Intelligence school and O. G. S.
Seems to be a pretty nice fellow and will fit in our
little family here. As I said before, all of the gals in
this whole damn outfit are swell. I want you to meet all of
them in our S-2 section. I want to show you our office
and some of the things that we do. Honey, I love you
so damn much and want you more than you know.
You are so wonderful and Beautiful. Again, I say that
I can't wait until you get out here to me. I love you so
damn much and want you more than anything.

well, it is almost time to go to the show and I'll
close for now. Please hurry in out here and get here
in the day time. I'll be with my sewing and needles
until you get here. you have no idea of how I've been
looking forward to this day. I know that you can't
wait and want me just as much as I want you.
Tell your family hello and I'll see them some time
next month. Darling, I saw at the D.S. what I'm
going to get you for your birthday. There's a lot of
small gifts there for us etc. I love you more than you
know. Write me just what time your train gets in and
I'll make plans. I'll have to know so I can get off.
I'll get a 2d train pass so we can have loads of time
together anyway. Well, I better go now for I'm in
a bit of a hurry to go to the show. I love you and want
you more than anything. So hurry in out here to me
as fast as you can. God Bless you Angel, and
loads of love. I'll be with you this day, so hurry in
out here as fast as you can. God Speed you to me
again.

Your Ingrateful Husband
until I meet you
mom.
