

I certainly would be very glad to meet your sister. can't she come to our house I will meet her at Doylestown. It was through the stupid mess of Mother that she didn't get to our house last summer when you were there. and hope you will pardon us. as it would of been ever so much more pleasant for her to come with you than to come her self but if she will come to my Old Penna home I will try my best

to make her stay with us as long

have a Sister in law to please
now and she certain don't like
me for a cent. I am the old crank

it. I don't suppose we people
will ever get to see each other
again if you are going to
Old Mexico. What part are
you going to? I got a letter from
a dear old friend of mine that
is in California last night.

time for dinner I just got through with my ironing. I have my leather Post Card punched all ready to lace up for the pillow, I started a collar of Mexican Draw work yesterday. Wait until you live in Old Mexico so far away. One thing I want to ask you that is catch me a parrot and I will pay you for him I was reading a book about them the other day. I have five gold fish, and three Old rabbits the one has little one but I don't know how many as they haven't come out of the nest yet.

we have been having fine sleighing now for almost two weeks. We had some real good skating it was neck and neck and we girls could do it as well as the boys. We had a drill at the entertainment and had to rehearse every afternoon. We had a fine entertainment. our part was a ribbon drill, we all had two yards of ribbon and wore white dresses. I had a long recitation representing the Xmas of 1654. and the little people had a cantata lasting fifty minutes. Art Gross was Old Santa. Well I guess I will have to close as it is nearly
