Letters To The Editor

Editor of the Kernel: I am sure that the majority of the student body is proud that Baseball Commissioner "Happy" Chandler has enrolled at the University... We checked with Athletic Director Shively on this, and he explained that Commissioner Chandler, a guest of President Donovan, was seated in the president's box.—Ed.

It's Founders Day Again

Tuesday is Founders Day. And what does that mean? Possibly Founders Day is intended as a nod of respect to the University's origins, an appraisal of the University's directions today, of its possibilities and of its limitations...

Traffic Like Musical Chairs

Some lucky persons on campus are disabled or professors or commute and they get to drive cars to school. But even the walking proletariat must pity them at a little before eight in the morning or noon, at Line and Graham or at Rose and tennis courts. There's plenty of time to play them because the cars just sit there, morosely in a long line like musical chairs...

Photography Fans At Work

The idea of a photography course, proposed by John Beatty in the "Letters" column, has met with considerable response from other students. It remains for the photography fans to carry out the plan to its conclusion. If they want a photography course from an engineering standpoint, they should talk to the dean of the engineering college...

Give The SUB Dance A Try

The SUB is having another dance tonight. This one has to do with Washington's birthday. Probably a great many upperclassmen haven't sampled a Union dance in quite a long time. The claim that there's no body there is no longer valid, because no other official parties have been scheduled for tonight...

cheating. Besides, if everybody here who cheated were turned in, very the halls and do the Warden's bid- the enrollment would drop, ding. This inmate has forgotten him- self for the moment. We, as his fellow prisoners, know only too well what might have happened to him: for the warden, by extortion, in- stilling fear, making dire threats, and distorting the facts, is quick to get a confession of guilt.

Dear Editor: I have just finished perusing "Miss Minnie Ha Ha's" letter con- cerning sonority and fraternity open houses. I concur heartily as to her opinion of the "Things."

All I ask is "What is nauseating about the name 'Bob'?" I've been stuck with that name for some 22 years, and I like it. Poopy on her! Sincerely, TREBOR SNEHPETS

A check reveals that the name which nauseated "Miss Minnie" was "BOB," not straightforward, un- nauseating "Bob." The mistake was in the Kernel's proofreading. We apologize for distorting "Miss Minnie's" opinions and for maligu- nating your good name, Trebor.—Ed.

We, the residents of the local San Quentin, would rather suffer if the consequences in the warden's room under the blue light than go on living under such conditions which even RATS would not toler- ate.

Our sentence of one year may be short, but we can assure you that it is not an easy one. This obese, swearing, bulldog of a warden is making sure of that. He enforces the deathlike silence of solitary.

(Continued from Page Two) or learned at mother's knee. After that, the rest is easy. Every test, exam, and quiz shall be thoroughly scouted for possible loopholes. Does the professor leave his office door open? Does he give certain exams on odd or even years? Can his secretary be gotten to? Does he use his reading or watching glasses during an exam? Does he expect students to cheat? Is he an advocate of the honor system? With these questions answered, the committee can be split into reconnaissance units to cover every corner on campus.

Exams can be BORROWED, everything will be located in one central place, assembled, filed in triplicate and made available to ALL students who need it.

The room, wherein the information is kept, can be open at certain hours daily, with the library system of check-outs used. The ultimate goal is, of course, Straight A's For All!

As I said, my solution holds good for only a part of the problem. There will be a certain misled fraction of the student body who will, regardless of logic, refuse to take advantage of the new system. Some of them, trained from babyhood, will have absorbed enough, through study, to pass exams without the new Committee. And there will be a still smaller percentage of students who adhere to a policy of honor, admirable though decadent.

This system is foolproof, workable, and has everyone's good at its main theme. I certainly hope there will be interest in it. I'm convinced that my hopes will not be vain.

Wilhelmina Schmor

Dear Sir: During the past few months there seems to have been an intensified program of tree-cutting here on the campus. No one, these days, can step outside a building without hearing the buzz of a saw or the chopping of many trees.

"Progress" is a dubious word, but undoubtedly this cutting is done in the name of progress. Some years ago, however, botanists here worked under a different conception of its meaning. They had planted all over the campus hundreds of trees which either were native to this part of the country or were well adapted foreigners.

Aside from the hopeful work that went into the ill-fated botanic garden, the campus itself began to assume some of the aspects of an arboretum, while useful to botany classes, was a pride and a pleasure to the ordinary campus inhabitant.

But this new "progress" seems to require that first, almost every full-grown tree must be taken down (the stumps look quite healthy) and their places are taken by clumps of little evergreen. These fancy little bushes—artificial looking and alien both to tradition and nature—are herded around every building and or dropped self-consciously in spots around the campus grounds. Poor old UK—it's all sicked up, and pathetically complacent.

ARBOR-ADVOCATE

Dear Editor:

The members of SuKy Circle read with much interest your editorial on school spirit last week. We were glad that you published Mr. Martin's fine letter on the same subject.

School spirit does seem to be a problem these days, doesn't it? That is, the lack of it is a problem. Either students are just too tired to knock themselves out for their school, or else they just don't care.

We of SuKy know what it is to fight these two attitudes. It certainly isn't easy.

Back in the days when enrollment was a lot smaller, it seemed easy to get the students out for pep rallies and spirited events. Now we've grown in enrollment but without a corresponding growth of school spirit.

Being a big school, however, is no excuse for being devoid of spirit. Lots of colleges bigger than UK are well instilled with the idea of "do or die" for their teams. At present SuKy is trying to revive the colorful card section at athletic events. We are having practice sessions in these early

days, because students here are not familiar with the workings of the system. Later on, we hope that it will get to be an unreserved spectacle in which any UK rooster can join.

The smallness of Alumni Gym, and the endless amount of red tape that must be encountered before a section can be reserved, are drawbacks to setting up the section there. However, we are still trying.

When the football season opens next year, we hope that we will be able to revive the freshman cap section, which Mr. Martin described in his letter, along with a bigger and better card section that can rank favorably with any school's.

Sincerely, CHARLES WHALEY, President, SuKy Circle

A SAM WOOD PRODUCTION Produced by GOTTFRED REINHARDT

We must pass pretty stiff exams, too

Not only the steel we use must pass a rigid test . . . We have a "board of examiners" which tests the merits of all the operations of our company.

That "board" consists of our employees, our customers, and our stockholders—the three groups which have a primary interest in our business.

We believe it is to the benefit of the entire social order that we operate our company in the best interests of these three groups. And they give us some pretty tough quizzes from time to time.

We believe our customers deserve the very best product we can manufacture at the lowest possible price. Our employees are entitled to steady employment, good working conditions, and the highest possible income consistent with the economics of the business. Our stockholders should have a reasonable return on the capital they invest in our business. Our constant purpose is to maintain a fair balance between these three groups.

In every college community in the country, one or more of these groups is represented. How well do our principles work out in practice?

TAKE EMPLOYEES. In the last six years, the number of IH employees has increased from 60,000 to 90,000—an increase of 30,000 jobs. In the same period, the average straight time hourly earnings of our factory employees have increased 92.6%.

TAKE CUSTOMERS. Last year we produced more goods and services than ever before. Customers benefited from the fact that our margin of profit on sales was one-third less than in 1941.

TAKE STOCKHOLDERS. They have had fair return on the savings they have invested in our Company. Dividends on common stock last year are equivalent to 5% on the book value, as compared with 4% in 1941.

TAKE THE COMPANY. Last year we had profits, after taxes, of 5 1/2 cents from each dollar of sales. We believe most people regard this as a reasonable rate of profit.

We know it is our continuing ability to earn a reasonable profit that has made it possible for International Harvester and stockholders—in greater measure than ever before. Profits mean progress for everyone.

We hope to be able to continue this record with each succeeding year in the future.

## The Spice Of Life

By Ruby Graham and Jobie Anderson

What with Valentine flowers all wilted and the candy all eaten (and the males all broke, as usual) it's time the girls forked over with another Stuffed Hawkins week.

Earl Silvia sent a Valentine to Dusty Rhodes. It's too bad that Bill Simrall is getting all the credit. Maybe he'll sign it next year!

Barbara Rosson has made quite a hit on the campus this semester. It is surprising what some Phi Sigs will say when they are unaware of a woman's presence. How about that, Walt Patrick?

Note to Cad: Please confine your contributions of gossip to that which is printable and IMPERSONAL. Maybe it would help if we told Charlie Woodward that every cloud has a silver lining. Marilyn Bauer said the Chi O formal was the last date, but . . .

If you sit all right, 'Twill be all right!

One of the most vicious triangles ever: R. D. Kitchel, Betty Seay, and John "Jeepster" Hoop. Boo hoo! Sonny Dunham really added sparkle to the Chi O shindig Saturday night. The girls are selling all their clothes at a rummage sale tomorrow . . . does that have anything to do with Sonny's visit.

Tommy Langston says that the purpose of his return to UK is to renew his old love with Lucia Bland. Wonder what he plans to do with Jerry Freeman.

El Jackson traveled the road from Eminence last week to see Mary Odell.

Pinned: Rocky Fouts and Matt Downer; Betty Martin and Bob McDaniels; Jove Haynes and Graydon Walters.

A certain Moonie Freeman spent a

very dull weekend in the infirmary. A Kappa Sig scoop: Brock McCullum seems to be beating Fred Howard's time with their old flame, Betty Jo Vookery. And Fred and Billy Gault are slugging it out over Marilyn Haley.

What frolicsome young male was seen carrying Jane Broun aka pack saddle from the GAE House last week?

Burr Rogers is traveling up the Kappas walk quite often to see Dutch Hertine.

Ed Raden pulled a surprise when he returned to the campus with his bride — sister Barbara's sister.

Louis Hammock came from Western to escort Sara Mae Greene to the Chi O dance.

Valentines, hearts and flowers were rightly in style for Frank Gilliam and Helen Hetsley, but now Sandy Morgan has stepped in and the old familiar hauntings may start to roll. Paul Dillingham awaits the outcome cause he loves that last minute stuff.

The Lambda Chi deserves mention for their big heart in the center of the dance floor.

Bobby Bidwell and Emmy Lou Patrick left yesterday for the W and I fancy dress ball. Guess Claude Sproutles will be knocking on Betty Lyons' door this weekend.

Frances "Bird Bath" Youtsey had quite a spree with a camera clicker last week.

A nice new triangle: Bert Pollack, Mary Alice Shidler, and Clara Maddox. Dave Check also figures somewhere in this geometric mess.

Does Martha Bishop know that B. L. Kessinger sent flowers to Elma Kirkpatrick during semesters and has been spending quite a bit of his time with her lately?

Woe be on us if some of the kids really show up at the Mardi Gras Ball in the costumes they have proposed to friends in the Grill. Although a costume for the dance is not a bare necessity, the better!

Married: Pat Booher and George Stewart; Laura Fenwick and Artie Hendricks; Carolyn Wray and Bill Byron; Hilly Bryant and Carol Jacobs; Mary Margaret Marks and Bill DeWitt; Betty Lee and Bob Bell; Freda Wade and Jack McNeal; Freda Cornelius and Cecil McGee; Joan Rankin and Woody Hamann.

Monk Stout has left school to plan a troupe for her June wedding.

Chase Seaman has left teen-buddy Betsy Billiter for Tri Delit Jo Hughes. He has also left school.

Here's a shorty: Mary Dunlap was pinned to a Triang KA for three days.

Engaged: Mary Jackson and Les Lingenfelter; Fanch Wheelton and Bob Violette.

Ambition of Felix Martin: To get a date with Charlotte Salisbury.

Constant twosome: Bobby Clark and Hank Sober.

Unpinned: Bea Freedman and Dave Greenwald; Marcia Merton and Jack Malone; Mary Jane Agnew and Bill Benjamin.

It's getting to be a constant twosome with Snow Farrigan and Ted Howard. And how about Jack Barrowman and Claire Hicks?

At work on decorations for the SIB Cherry Hop tonight are (left to right) Mary Ann Lamb, Donald Laffoon, and Lois Coldiron. Miss Coldiron is chairman of the dance decoration committee.

### Sonny Dunham Plays At Chi Omega Dance

Sonny Dunham was featured by Chi Omega for the sorority's annual winter dance Saturday night in the Student Union Ballroom.

Dunham came to Lexington from an engagement at the University of the South and left immediately for an appearance at Syracuse University. He is currently appearing only on campus.

Approximately 300 alumnae, active pledges, and guests of the sorority attended the dance. Marsha Clod Delano was dance chairman. Chaperones were Dr. and Mrs. B. H. Waller, Mr. and Mrs. Henry Allen, Dean Sarah B. Holmes, Mrs. C. D. Massonelli, Mrs. Ellen Wyoff, Mrs. Church Blackburn, Mrs. E. D. Greene, and Miss Margaret Bruce Cruise.

next two seasons. Another threat on Coach Jordan's quietest is Joe Jordan (no kin to the Georgia mentor). The flashy guard has distinguished himself in the Conference with his speed and deft ball handling. He was second to Healy in the Bulldog scoring last year with 313 points.

Of 28 games last year, the Red and Black won 17 and lost 11. In the SEC tourney they lost to Georgia Tech, 37-50.

Georgia To Seek First UK Win Since 1931 Season Here Monday

The Wildcat cagers, rated No. 1 in all of the nation's basketball polls, will be out to add another jewel to their championship crown when they meet the Bulldogs of Georgia University in Alumni Gym Monday night.

The Ruppen have hot tasted defeat at the hands of the Bulldogs since 1931, and there is little reason to believe that the law of averages is going to catch up with the Big Blue come Monday night.

Coach Ralph Jordan is bringing a Red and Black squad to town with seven lettermen back from last season's team. This year these boys have a record of 15 wins and 9 losses at this writing.

The starting lineup for the Red and Black will feature Healy and Davis at forwards, Schless at center, and Jordan and J. Davis at guards. Healy led the Bulldog scoring last season with 392 points in 28 starts. This junior from Long Island, N. Y., is the only member of the starting lineup who isn't a sophomore.

The entire squad has only one senior, substitute Al Fabian.

Healy will team up with Bob Schless to lead the Bulldog attack. Sophomore Silm Schless, a 6 foot 8-inch center from Jacksonville, Fla., is slated to become one of the outstanding pivots in the SEC in the

Wildcats Keep Rolling; Wallop Xavier, 96-50; Alabama, 74-32

Kentucky won its 70th consecutive home game Monday night, rolling back the Crimson Tide by a 74-32 count in Alumni gym.

The Cats' ball-bearing Ralph Beard again stepped on the fingers of copy-short scribbles, who rail at Rapid Ralph's slowing down, on his way to the basket. He tallied 11 and 14 points in the first halves of the Bama and Xavier games.

The Tide brought in only three field goals the first half. . . . Wait

Cats Wallop Rebs For 21st Victory

UK soundly whipped the Ole Miss Rebels, 85-31, Wednesday night in Alumni gym for the Cats' 21st win of the season. It was Kentucky's 50th consecutive conference win and 71st straight home win.

The loss gave Ole Miss, now in the SEC cellar, a mark of three wins and nine losses for conference play.

Every Big Blue player saw action. Coach Rupp, in an effort to keep the score under 100, started shutting six minutes before the first half ended.

Half-time score was 52-15. Pairings For SEC Cage Meet Set For Sunday

By Ken Kahn UK Sports Publicist Pairings for the Southeastern Conference Basketball Tournament will take place this Sunday in Birmingham, Ala.

Choice of the conference headquarters city as the site of this year's tournament drawings was made to accommodate the majority of tournament committee members. In previous years, the session to draw up the conference tournament card always was held on the campus of the University of Kentucky in Lexington.

The gathering of conference officials, athletic directors, coaches and other school representatives is

DisKintucky Sports Review

By Tom Diskin, Sports Editor

In just 22 days, the National Invitational Tournament will get underway in Madison Square Garden.

Two nights later, on March 21st, the opening round of the NCAA (Eastern Division) will be held.

The Kentucky Wildcats will almost certainly receive bids to both tournaments. No regulations say they could not participate in both events.

Kentucky's 46-point victory over Xavier last Saturday was the worst defeat ever suffered by a Musketeer basketball team.

The 50 points Xavier scored was the highest ever made against the Wildcats by a Musketeer five.

One thing is sure, Coach Rupp won't be whistling as he goes to Cincinnati.

Jim Murphy, who served as sports publicity man for UK last fall, has authored an interesting nine-page story on the nation's No. 1 basketball team.

The signatories between 6-8 Jim Nolan and 6-7 Alex Groza will feature the Georgia Tech-Kentucky game tomorrow night at Alumni gymnasium.

"Spider Jim" has been very successful in past games against UK's high-scoring pivotman.

Last Feb. 21st, Nolan deposited 30 points, against Kentucky here in Alumni gym, and, at the same time, held Alex to just two markers.

In the semifinals of the SEC Tournament in 1947, the Wildcat center scored just three points against the Atlanta team.

Game Set for 7:30 p.m.

The Tech game tomorrow night will start at 7:30 p.m. Ticket No. 25 will be required.

Groza Versus Nolan To Feature Cat-Tech Tilt Here Tomorrow

By Kent Hollingsworth

The main interest of the event will not be the outcome of the game itself, as the Cats are likely to lose a home SEC game like a GI will lose his check, but on the individual battle between All-Conference Jim Nolan and All-American Alex Groza.

The three times the two men met last year, the Tech pivotman outscored Big Al twice.

The Cats have already beaten the Yellow Jackets once this season.

Other starting Wasys will be Joe Keener and sophomores Mel Doid and Mike Sermerheim.

Since there was a difference in opinion among sportswriters concerning the number of consecutive wins that the Wildcats have run up in Alumni gym, we checked last week with Athletic Director Bernie Shively to get the correct total.

Here is a breakdown of the consecutive home wins:

The 500 tickets allotted the University for the Kentucky-Xavier basketball game in the new Cincinnati Gardens on Thursday, Feb. 24 are selling rapidly, according to Ticket Manager Harry Dickerson.
