GRAYS LAKE, ILLS.

OCT 25 1918

DEAR SIR:

I acknowledge with thanks your remittance of \$2.00, for which I herewith enclose you a Membership Certificate for same.

Your description is placed on file to be printed and forwarded to the lady member, which means with letter of introduction in a plain sealed envelope. You will no doubt hear from them in the near future.

I also herewith enclose a list of addresses of ladies whose application I have received today, whom I think you will be pleased to know with a view to marriage. They have come to me to find them suitable husbands, so you need have no hesitancy in addressing them, but kindly refrain from making too many inquiries in your first letter. Many of the members write bold, forward letters such as no lady would answer, and when they receive no reply, blame me for that which they themselves have caused; while every lady promises to answer or return all letters, yet some of them do not do so. When writing to ladies always enclose stamps and if at any time you fail to receive a reply to your first letter, do not think that I am acting dishonorable with you, as I cannot force any lady member to answer letters unless she wishes to of her own accord. Some of the members, in cases of ladies who have means, dwell mainly upon the money question, about which nothing should be said until several letters have been exchanged, and an acquaintance has been formed, and no lady wants to think that she is being married solely for her money, nor do I want her to think that I have introduced her to a mere fortune hunter. The Standard Correspondence Club will be mailed free to the members of the club only, with full names and addresses, upon receipt of membership certificate and self-addressed stamped envelope.

Wishing you success, I am respectfully, your obedient servant.

J. W. Schlosser
P.S. I also acknowledge receipt of cert, which will appear above ad in next issue.

My dear friend:—

I answered your letter yesterday of the 23rd inst. and insisted on your making a special effort to meet me in New Albany April 2nd, as we are so close to each other now, it would be a great disappointment to me now while I am in this section of the country if I failed to see you.

If you had not written me in a previous letter that you could meet me any time during the month of May I would have gone on east ten days ago, but as I have waited here this long

I would like for you to make a special effort to come if you possibly can. Now I will get into Indianapolis, Apr. 30th & remain there until May 1st in hopes of receiving a telegram from you saying you can come over to New Albany.

This last letter I received from you had been steamed open and glued back together. When we were corresponding before some one down there was doing the same thing. Evidently you have some girl sweetheart in the postoffice at some point down there who is wanting to know who you are writing to. I have tried to be jawful careful of what I said. It isn't

Now I trust I can get to see
you before I go on to Boston
If you want to see me at all
you will have to make a

Not later than May 2nd,
as it will be impossible for
me to wait any longer.

My dear Friend:

I have just recd. your good letter of the 14th inst and I was indeed glad to hear from you again. Yes I believe I can arrange to see you in May, providing it is about the first of the month.

Here is my route: - After finishing here I work one town in the North eastern part of this state, then I go to Springfield, Mo., and then on thro' the southern part of Illinois working two towns in Illinois the company has assigned me, then I go to Vincennes and Seymour Indiana and work south as far as Louisville - I had rather for you to come to Louisville and if

You do not want to stop in Louisville
We can ^{stop} with a very dear friend
of mine just across the River
in New Albany who runs a
private boarding house. I
am simply starving to eat one
of her good meals. I have
eaten in Hotels and restaurants
so much that I would give
most any thing to be at her place
for two or three days to get some
good home cooking. I hope you
can arrange to come to Louisville
we don't have to be on the streets
in Louisville at all as we
can stop over in New Albany and
I can run over on the car and
attend to my business in Louisville.
There is only a slight difference
in your fare to Louisville and it

would pay me to give you the difference, as the Company pays my expenses as far as Louisville and then I go on North east and you see if I go south I'll be loosing my salary and expenses too. That is the reason it would pay me to pay you the difference there would be in the Ry. fare

No I never met your friends at Muskogee, In fact, I did not make Muskogee as my company changed my route. In about ten days I'll be in Miami, Okla. If you answer this you had better send your reply there and mark on it "If not delivered in 10 days hold for orders" as it may be returned to you before over

I can get there.

Trusting to see you soon so I can have a long old chat. I am a poor letter writer as the world is all in whirl and people are too busy at the present time to hardly take time to send telegrams, as telegrams travel too slow in these fast times for the people. I some times wonder what the world will eventually come to — I must leave you now and go get busy as I have so many things to do and hardly know where to begin — I am,

Dearest Sweetheart :-

Your letter
of 12 inst. rec'd and so
delighted to hear from
you. But do not judge
my appreciation by my
long silence. We really
must be more prompt
in writing to each other.
I have censured my-
self many times for
delaying so long to write

you, and have made
resolutions to do better,
only to break them.

Tom answered this early
and see if you do
not get a prompt response.

I am not feeling well
this morning. Suffered
all day yesterday from
a sick headache, but
it is better this morning.

Papa is not well now
has he been well the
past winter. Day before
yesterday went to see
his old physician 20 miles

from here - a car is so
convenient - to reach place
isnt it?

Trust your dear mother
is better since the old
winter is over.

It is not Friday - usual-
ly so as Easter approaches.

Gardens are very pretty,
and there would be a
deal of money in farm-
ing if it were not for
the scarcity of labor.

Cotton is certainly a fair-
ly price but Opal is holding

for still higher prices.
But their war conditions
certainly distress me.
I they draft them from
131 to 40, my brother
also both brother in law
would be subject, but not
having extraordinary physical
education some
defect may exempt them.
My brother's eyes are
weak. He wears glasses.
So many of the girls
are marrying their
cousins & nephews

ever though they may not
be returned for the
man. Still we can not
blame them; as it is
better to marry one we
love if we can not
be with them for a
short time. There is
the consolation of know-
ing that you have mar-
ried one whom you love
best, and who loves you.
But it is painful to
see the noble efforts
many wives make
to save their husbands
from going.

I would be glad to send
you a picture if I had
had one made in recent
years, but I have not.

Ireland; I am so anxious
to see you, and do arrange
to come in June.

In these times of uncer-
tainty I am fearful lest
something in some way
might - cause us to lose
each other, and cause
us to regret in future
years.

God has kept us all

through the change and
vicissitudes of the years,
so what more can we
expect?

He will never tell us
that each was meant
for the other as that
would be a miracle!
But leave that to the
pompous and die-
hards of our own heart,
and if he has kept us
in health and strength
if we lose happiness it is
not his fault.

Mr. Anderson is well and
still in Milan, making
the race again for the
Legislature.

The boys are growing
rapidly - He himself
gets more practice
than he can attend to,
so he has not a partner
Mr.

Every moment of my time
is filled, still I never
forget to write to you
and I know you love
me dear as you say
I know that - You do.

But I want to see you,
that is the substance
of the whole matter.

I want to see what
changes the 5 years
have brought in you?
They tell me I have not
changed except that I
am older.

Still if you have changed,
I wish to see you just the
same.

Have you helped to get
many out of the War?

That requires a great

deal of time. I meant to
say Mr. Anderson's time.
Papa and I spent last
week in Millen. The
change did him good.

I have called on
until it is time for
the carrier to pick
up for this time. Wish
I could have written you
a more interesting letter
but I have had so much
to do.

Trust that you are well
and to hear from you soon.
With much love
Eliza
