C. Contract with National Park Service.

Mr. Peterson submitted a Memorandum of Agreement between the Regional Administrator, National Park Service, and the University, Department of Anthropology. Contract No. 14-10-131-419 covers an archaeological survey of the Buckhorn Reservoir in Kentucky, and is essentially the same as the one currently in effect for salvage excavations in the Rough River Reservoir. The survey work will be done by Doctor Schwartz, of the Department of Anthropology. The National Park Service will reimburse the University in the sum of \$1,000 to pay for out-of-pocket expenses. Mr. Peterson recommended that the contract be approved.

Dean Carpenter is a member of the Advisory Committee and will serve as chairman. The Committee will from time to time authorize research projects that will be of interest and help to the Department of Highways. The Bureau of Business Research will make available trained personnel to carry on the various types of research work authorized. The Department of Highways will reimburse the University for all expenses incident to studies made on authorization of the Highway Economic Research Advisory Committee. Mr. Peterson recommended that the contract be approved, together with an addendum authorizing the immediate encumbrance of \$15,000.

Upon motion duly made, seconded and carried, the contract was approved and authorized executed.

Mr. Peterson submitted Supplemental Agreement Contract No. DA-18-102-AII-4809, which relates to the Army Flight Training Program. He explained that this was a continuation of the program authorized two years ago and was extended to include the school year 1958-59. He advised that all legal provisions had been checked and the necessary insurance protection obtained, and recommended that the contract be authorized.

Members of the Committee being advised, on motion duly made, seconded and carried, the contract was approved and authorized executed.

G. Contract with Kentucky Department of Economic Development.

President Dickey recommended employment of the following new staff members cleared by ICA for assignments in Indonesia:

Associate Professor Lewis S. Salter, Physicist,

Assistant Professor Charles D. Hoyt, Mining Engineer,

Assistant Professor W. R. Hunziker, Architect.

He stated that these staff members were being employed for assignments only in Indonesia and that they would be University employees during their tenure on the ICA contracts, but would not be recognized as employees of the University beyond that period of time. He stated that the compensation was based on a salary schedule worked out by the University and ICA and of record.

Upon motion duly made, seconded and carried, Associate Professor Lewis S. Salter, Physicist; Assistant Professor Charles D. Hoyt, Mining Engineer; and Assistant Professor W. R. Hunziker, Architect were employed on ICA contract for assignment in Indonesia as recommended.

K. Agricultural Extension Workers' Per Diem Fixed.

President Dickey submitted request from Dr. H. Bruce Price, Dean and Director, for regulating method of compensation for travel of Agricultural Extension workers in and out of the State. He recommended that the per diem, based on Federal regulations, for travel throughout Kentucky be fixed at \$8.50 per day, with the exception of Louisville where the per diem will be \$10.00 per day in the event the worker stays two or more nights. He stated that the exception of Louisville is mainly for the benefit of those who must stay there for the State Fair, during which time it is difficult to secure lodging and board for less than this amount on a 24-hour basis. He recommended that compensation for out-of-state travel be fixed at \$12.00 per diem.

The Executive Committee discussed the recommendation, and upon motion duly made, seconded and carried, authorized \$8.50 per diem for travel in Kentucky, \$10.00 per diem for travel in Louisville, if two or more nights are spent there, and \$12.00 per diem for travel outside of the State, effective July 1, 1958.

Members of the Committee indicated much interest and, after some discussion, upon motion duly made, seconded and carried, the University was authorized to take the necessary steps to secure an electrical engineering firm to make a study of the needs of the electrical distribution system at the University, and the necessary funds were authorized appropriated to pay for their services.

M. Alterations of Anderson Hall and Budget Adjustment Authorized.

President Dickey stated that he, Dean Shaver and Mr. Peterson had conferred at some length concerning additional facilities in the College of Engineering. He recommended that certain alterations in Anderson Hall drafting room be made, that additional equipment be purchased, and that an additional appropriation of \$16,000 be authorized.

Upon motion duly made, seconded and carried, the recommendation of the President was concurred in and authorized.

N. Budget Increases.

President Dickey reported that, upon recommendation of the Treasurer, he requested the estimated receipts for the fiscal year 1957-58 be increased in the sum of \$100,000. He said this increase was primarily due to increased revenue from student fees. President Dickey also made the following recommendations for increases in appropriation to the following departments and accounts:

<u>Department or Account</u>	<u>Account Number</u>	<u>Budget Increase</u>
Health Service	100	\$ 5,500.00
Social Security Tax	180	7,000.00
General Printing	220	10,500.00
Out-of-State Travel	250	2,000.00
College of Pharmacy	1080	1,000.00
University Extended Programs	1260	50,000.00
Equipment for Various Buildings	1300	4,000.00
Major Improvements	1320	<u>4,000.00</u>
Total Budget Increase		<u>\$84,000.00</u>

He explained that the increase in Health Service was due to expenses beyond our control, that the increase for Social Security Tax was also beyond control of the University, the increase for General Printing was due to the cost of printing, in general, and that the increase for Extended Programs was anticipated from the beginning of the fiscal year 1957-58 and, in reality, did not mean an additional appropriation from University funds as such, but was appropriation of receipts from Extended Programs during the fiscal year. The other increases were minor and for normal operation.

Members of the Executive Committee being advised, upon motion duly made, seconded and carried, concurred in the recommendation, and the increases were authorized and approved.

O. Employment of Ralph Beals and Katherine Burnett Snow
Authorized.

special work in the Bureau of Business Research.

President Dickey also submitted request of Dr. William R. Willard for the temporary employment of Mrs. Katherine Burnett Snow, wife of Professor Charles B. Snow. He stated that the background of training and experience of Mrs. Snow in the health field especially qualified her for work on projected studies supported by the Commonwealth Fund.

President Dickey recommended that these requests be granted, and upon motion duly made, seconded and carried, Mr. Ralph Beals was authorized employed for a period of five months and Mrs. Snow was authorized employed for a period of one year.

P. Outside Work for Professors Haynes and McAninch.

President Dickey submitted request from Dean Carpenter, College of Commerce, to permit Professor W. W. Haynes to do part-time consulting work for Resources for the Future, Inc., in the summer of 1958. He stated that this work would not interfere with Professor Haynes' regular duties and would be done largely in the period of summer when Professor Haynes would have no regular teaching duties. He stated that Professor Haynes had unusual ability to deal with coal materials because of his experience with the Western Kentucky coal forecast performed for the Tennessee Valley Authority, and that compensation would not exceed \$1,200.00.

President Dickey submitted request from Dean M. M. White, College of Arts and Sciences, that Dr. Daniel McAninch be permitted to tune pianos in the University. He explained that the piano tuner of the Department of Music had died suddenly, that efforts had been made in vain to find a piano tuner from Lexington, Cincinnati or Huntington, West Virginia, and that possibilities of getting one from Louisville had been practically exhausted. Dr. McAninch is a teacher in the Department of Music at the University but can and will tune pianos for the department. He recommended that Dr. McAninch be authorized to tune the pianos of the department at \$9.00 per piano.

Mr. Peterson concurred in the recommendation, and upon motion duly made, seconded and carried, Dr. Daniel McAninch was authorized to tune departmental pianos at the University for a fee of \$9.00 per piano.
