Dear Jonathan

Thanks for the card with the info on Barthes. The stuff on Char you left with me is very good. I'll have to think a bit about a statement-- blurb. I am afraid I am asked for so many of these that my mind shuts off when I try to formulate one. After a while I'll just have to quit altogether. But if one pops up spontaneously I'll jot it down.

Here's the Chilam Balam material for Lograire. You are welcome to it if you can use it.

My best to Carolyn if you see her. I hope to write her as soon as I get a chance. I'm way behind with everything due to all the visits.

*Tom*

If you see any material on Barthes and the structuralists I'd appreciate a reference.
