Dr. Fred W. Rankin, Pres.-Elect
American Medical Association
Louisville, Kentucky

My dear Fred:

I note with pleasure your election as president-elect of the American Medical Association at the meeting of the House of Delegates yesterday.

I want to congratulate you upon the attainment of this the highest honor that can be bestowed upon an American physician or surgeon. Your Carolina friends are very proud of your accomplishment, and the only regret I have is that I was not a member of the House of Delegates ~~in order~~ that I could cast my vote for you.

Assuring you of my interest in your administration and trusting that I may have the pleasure of seeing you during your travels through the South, I am as ever

Your friend,

C. F. Strosnider, M. D.
