Dear Fred:

No doubt you have received so many congratulatory notes that one more won't make a great deal of difference, but I do want you to know that your friends in North Carolina are delighted and proud of the great honor that has come to you in being chosen President-Elect of the American Medical Association.

You continue to reflect glory upon the State and upon our Profession by your achievements.

With every good wish to you for your good health and a successful term of office, I am
