Dr. Fred W. Rankin  
Security Trust Building  
Lexington, Kentucky

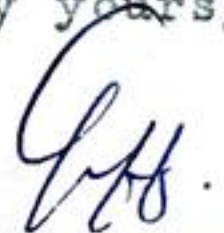

Dear Fred:

Since the meeting of the American Medical Association I have intended to write to you telling you how delighted I am with your election to the Presidency. I feel that it is almost like having a member of the family given proper recognition.

I am writing also to propose another chore for you. The date of the meeting of the Minnesota State Medical Association for 1942 has just been decided. The meeting will be held in Duluth, June 28 to July 1. We would certainly all feel very bad if you could not attend this meeting and give us at least one scientific paper and an address at the banquet. The banquet will almost certainly be held on Tuesday evening, June 30.

Please let me know as soon as you can what the prospects are.

Sincerely yours,

  
H. Z. Giffin, M. D.
