STEPHEN J. COREY
ACTING PRESIDENT
Emeritus

10/11/53

2429 33rd St.
Santa Monica, Calif.

Dear Dr. Rankin:

The enclosed bit of news has caused us to have a deep sense of pride and satisfaction. We are happy that you have been so highly honored, and still more pleased that you have recovered your health and are able to take on such responsibilities.

We so often think of the wonderful surgery which you performed on me and along with that your fine courtesy generous attitude in connection with it all.

We moved to California last June and like it here very much although we miss the many friends in Lexington.

I am kept busy here in pulpit supply and ad interim work with churches between pastorate. Mrs. Corey keeps quite well although recently having gone through a severe hysterectomy.

We have a son here in California who is Director of Social work in San Diego.

In this city by the sea, Santa Monica, we have been sleeping under a blanket all summer.

With highest esteem and very best wishes.

Sincerely,

The Stephen Corey.
