Dear Madam:

The primary election will be held on Saturday, August 7, 1943 to select candidates for many State and local offices.

In order to meet the necessary expenses of the campaign being conducted by the local Democratic organization supporting the candidacy of J. Lyter Donaldson for Governor and the candidates for various local offices it becomes necessary to request financial assistance from friends of the party. On past occasions you have been generous in this respect and it is our earnest hope that you will again lend such financial and other help as may be consistent.

Checks for this cause should be drawn to the order of Norris McPherson, Treasurer, and mailed to 304 Tyler Building, Louisville 2 Kentucky.

Your early cooperation in this respect will I assure you, be greatly appreciated.

Yours very truly,

*Norris McPherson*

Dr. & Mrs. William T. Baker  
319 Central Avenue  
Louisville, Ky.

Dear Dr. & Mrs. Baker:

I am addressing this letter and appeal to you, as a responsible leader in the business community of Louisville and Jefferson County, at a most crucial time in this Nation's history.

Certainly any objective observer of the commercial and industrial expansion which has taken place in Louisville during the past several years realizes that, compared to other areas, the growth and development here has been unusually outstanding.

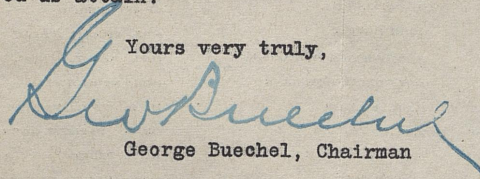

This did not just happen. Many of you participated in the responsibility of this great development, and many of us realize that considerable credit can also be given to the constant efforts of Emmet O'Neal and Alben Barkley in helping our industrial achievements.

As you know, Senator Barkley and Congressman O'Neal are running this year for re-election along with the President.

The successful conclusion of this campaign requires financial support. As chairman of the Democratic Finance Committee, I firmly believe that we, as businessmen, should support these men who have helped us.

By sending your contribution or check to John C. Engelhard, Treas., at P.O. Box 568, Louisville 1, you can help to continue the progress which our friends in the present administration have helped us attain.

Yours very truly,

George Buechel, Chairman
