COME ON HOME

Below is a blank to be filled out by the members of the different classes that are to hold class reunions this year.

Every graduate and former student of the University is included in the programs for the Commencement period and if you are not a member of one of the classes holding a reunion but still intend to return, fill out the following blank and send it out and return it at once.

Next year all the classes in either '0' or '5' will hold anniversary reunions. The officers of these classes are especially urged to attend the reunion this year so that they may get an idea of what we are trying to do.

If you can come back please fill out the following blank and return it at once. The officers of the Association can assure you a pleasant time during the Commencement season.

"THE KENTUCKY ALUMNUS"

With the next issue of The Kernel the Alumni Association will discontinue using that publication as its organ. In its stead will be published "The Kentucky Alumnus," a monthly magazine devoted entirely to Alumni and University affairs.

In publishing The Kentucky Alumnus the officers of the Alumni Association are taking upon themselves more work and responsibility, but in view of the fact that it is a step forward for the Association and the University they feel that the added work and responsibility will be well worth their effort.

The field is new to us and the undertaking will be filled with unforeseen difficulties. It will take time to perfect the magazine and during this time we beg the indulgences of the faithful members of the Association who will receive it every month.

They Tell Me

- Richard Earl Henry, B. A., is an instructor in the high school at Madisonville, Ky. Ulysses Victoria Garred, B. S. M. E., is with the engineering department of the N. & W. Railway Company and is located in Bluefield, W. Va. Joseph Lee Gayle, B. S., is with E. Raulo and Sons Fertilizer Company, Union Stockyards, Indianapolis, Ind. Raymond Harlan Gilbert, B. S., is assistant principal of the high school in Ludlow, Ky. Anderson Smith Gill, B. S., is secretary of the J. W. Cooke Oil and Gas Company of Tulsa, Okla. Thomas Guthrie, B. S. C. E., is with Signal Mountain Palkades, Inc., and his address is Volunteer building, Chattanooga, Tenn. Edward Everett Hardin, LL. IMPORTANT

Will you attend your class reunion? Will you attend the Alumni Banquet? Will you attend the University Luncheon?

MR. RAYMOND KIRK, University of Kentucky Lexington, Kentucky

COMMITTEE GIVES CLASS PROGRAM

Class Reunion Will Be Held Saturday, June 1; Complete Calendar of Events for Alumni is Announced.

The local committee of Alumni, who have been working on plans for the class reunions and annual homecoming of Alumni, have completed the plans and the program for the various events have been announced.

The committee in charge of the program and arrangements has given considerable time and thought to the matter and feel that the program which has been arranged will be one that will interest every Alumni who returns to the campus this spring for the reunions and annual homecoming.

While special attention has been given to those classes who will hold anniversary reunions this year, all the graduates and former students of the University of Kentucky are included in the plans.

This year the plan of reunions which has been adopted will be inaugurated and the committee in charge is sparing no effort to make them a success.

at Castleton Farm, near Lexington, Ky. Her address is in care of Castleton.

Otis Howard, B. S. M. E., is a communications engineer for the Louisville Gas and Electric Company. His address is 725 Dearborn avenue, Louisville, Ky.

Blanche Beatrice Harard, B. A. 1921, is now Mrs. John N. Lytle, and lives in Wilmore, Ky.

George Frederick Gallup, LL. B. 1922, is attorney-at-law and is located in Ashland, Ky., where he has offices in the Ashland National Bank building. He lives in Callettsburg, Ky.

Boon George Gibson, B. S. M. E., is a designing engineer with the Pennsylvania Railway Company. His address is 1808 Thirteenth street, Altoona, Pa.

Mary Jane Gibson, B. A. 1922, is an assistant professor of civil engineering at Clemson College, Clemson College, S. C.

Carrie Goldberg, B. A. 1922, is teaching in the County High school in Vanceburg, Ky.

Marie Taylor Gordon, B. S. H. E., is now Mrs. A. Alley and lives in Jenkins, Ky.

Louis Prector Gould, B. S., 1922, is a chemist with the Miller Rubber Company of Akron, Ohio, where his address is 116 North Adams street.

Elisabeth Mae Green, B. A., is now Mrs. C. C. Brandon and lives in Paris, Tenn., where her address is 811 Depot street.

Paul Wallace Gregory, B. S. 1922, lives in Franklin county, Kentucky, where his address is R. F. D. No. 1, Frankfort.

Gerald Griffin, B. A., is the Lexington representative of the Louisville Courier-Journal. He also is an instructor in journalism at the University. His address is 146 Preston avenue.

James Andrew Hagan, B. S. 1922, is a chemist with the Lexington Roller Mills, Lexington, Ky.

Mary Esther Hagan, B. A. 1922, is a teacher and her address is 501 Maryland avenue, Lexington, Ky.

Margaret Dean Harbison, B. A. 1922, is now Mrs. William L. Logan, and lives in Shelbyville, Ky.

Emmie Marie Harmon, B. A. 1922, is a teacher and lives in Parsons, W. Va.

Ester Lyane Harris, B. A. 1922, is a teacher and her address is Taylorsville, Ky.

Fannie Geneva Heller, B. S., 1922, is teaching in home economics in the high school at Providence. In the summer her address is Paris, Ky.

ANNOUNCEMENTS

University of Kentucky Club of Greater Cincinnati: Dinner on the first Tuesday evening of each month at the Industrial Club in Covington, located at Pike and Madison streets. The time is 8:30 in the evening.

10:00 a. m.-Commencement exercises in University gymnasium.

12:30 p. m.-Luncheon given by the University to the Alumni and guests of the University. The University Commons, McVey hall. Tickets must be reserved by May 27, 1929 (answer attached questionnaire).

2:00 p. m.-Short business meeting of Alumni Association after the University luncheon.

MAGAZINE WILL APPEAR MAY 15

The Kentucky Alumnus Will Replace Kernel as Official Publication of the Alumni Association.

The long awaited publication of an Alumni magazine by the Alumni Association of the University of Kentucky now is near at hand. The complete arrangements have been made and the new publication will be off the press May 15. You will receive your copy just as soon as it can be sent to you.

The name "Kentucky Alumnus" has been chosen for the new publication. While the magazine in all its departments is new, the name, as older Alumni know, is not new. That was the name of the publication of the Alumni association before The Kernel was used.

The new magazine will be patterned after the Alumni publications of other universities and colleges and will be one that every Alumni will be pleased to show to his friends and associates. It will contain all the news that will be of interest to the members of the Alumni association and none of the reading matter that is uninteresting to those who have been away from the campus for a long time.

While The Kernel as a medium for the Alumni association was a good one, it has been outgrown by the University and the Alumni association. The Kernel is purely a student affair and should not be hampered by student affairs and student viewpoint. The single page that obtained the Alumni news is not sufficient for our association. If we, as an association, expect to grow and expand.

The first issue will be dedicated to William Benjamin Hudson, who was the first graduate of the University of Kentucky. He received his B. S. degree in 1889, and always has been an interested and active member of the association. The Kentucky Alumnus will contain many other interesting features that will not be mentioned at this time but will be shown to a better advantage when the first issue is reviewed by the active members of the association. The next issue of The Kernel will be the last that the Alumni association will send out as its official publication.

MISSING MEN

The Alumni office will appreciate it if you will send in to this office the addresses of any of the Alumni who are listed below:

- Minnie Evelyn NeVile, 1918: Carl Albert Timmer, 1919: Cardwell Douglas Triplett, 1918: Margaret Helmsing Tuttle, 1919: Dorothy Caldwell Walker (Mrs. J. C. Burrier), 1919:

ANNOUNCING A \$3,000.00 COLLEGE NOVEL CONTEST

COLLEGE HUMOR DOUBLEDAY DORAN

There is no more provocative field of life in America today than the college. College men and women are sifting, experimenting, and thinking more boldly than any other group. They are building the new America.

The winning novel will be serialized in College Humor and published in book form by Doubleday, Doran and Company. Book royalties will be paid the author in addition to the prize, and motion picture and dramatic rights will remain with the author.

The contest will be judged by the editors of College Humor and Doubleday Doran. Typed manuscripts of from 75,000 to 100,000 words should be sent with return postage, name, and address, to the Campus Prize Novel Contest, College Humor, 1050 La Salle Street, Chicago; or to the Campus Prize Novel Contest, Doubleday, Doran and Co., Inc., Garden City, N. Y.

Cardinal orchestra of Louisville furnished the music.
Chapter bids were sent to the men's fraternities of Centre College, Transylvania and the University, and about four hundred guests were present.

Founders' Day Banquet

Alpha Xi Delta sorority entertained with their annual Founders' Day banquet last Saturday at the Phoenix hotel.
The palm room held the tables arranged in the Greek letter design of the sorority and decorated with pink roses and cathedral candles in crystal candlesticks.
About forty guests were present, including the active chapter, pledges and alumnae.

Eta Sigma Phi Banquet

Eta Sigma Phi, honorary Latin and Greek fraternity, held initiation services last Saturday in the iris room at the Phoenix hotel. A banquet was enjoyed after the ceremonies.
The active members are Misses Margaret Allen, Mary McFarlan, Gertrude Anderson, Rebecca Long, Elizabeth Chamer, Lucille Short and Mr. Edward Duval.

Last Cadet Hop

The last of the series of Cadet hops was given Saturday afternoon in Dicker hall. The Rhythm Kings orchestra played the music for the six no-breaks.
About two hundred guests were present.

Twentieth Annual Banquet

The members of the Sigma Delta Chi, international professional journalistic fraternity, entertained with a Founders' Day banquet Wednesday evening at 6:30 o'clock in the Phoenix hotel. The initiation of eight students and of the associate members, chosen from among the outstanding newspaper men in Kentucky, took place after the banquet.
Members of the Kentucky chapter of Sigma Delta are John W. Dutton, Jr., retiring president; Edwards Templin, Jess Laughlin, Hugh Ellis, Wilbur Frye, Beecher Adams, Harry Bohner, Ollie M. James, O. K. Barnes, Don Grote, A. L. Pigman, James Dormann, Hayes Owens, William H. Glanz, James Shropshire, Hugh Adcock, Laurence Shropshire, and E. M. Sargent.
Pledges for initiation April 17, in addition to the associate members, are John Boone, Robert Sharon, Paul Goodloe, Clay Brock, Buck Gaslin, Warren Lindsey, Samuel Allen and John Cole.
Prof. Victor R. Portmann, faculty adviser, and Niel Plummer are faculty members.

FRATERNITY ROW

Week-end guests at the Zeta Tau Alpha sorority house were Misses Elizabeth Croley, of Williamsburg; Gladys Tabor, of Mt. Sterling, and La Vergne Lester, of Spears.
Miss Dolly Cox, of Frankfort, and Miss Louise Barker, of Monticello, were week-end guests at the Kappa Kappa Gamma sorority house.
Mr. "Dick" McIntosh, of Louisville, and Mr. Jimmie Hayes, of Shelbyville, spent the week-end at the Kappa Alpha fraternity house.
Mr. Thomas Leonard visited in

Frankfort over the week-end.
Messrs. Earl Jones, of Lawrenceburg; E. C. Weathers, of Louisville, and William Kellog, of Ft. Thomas, were visitors at the Sigma Alpha Epsilon fraternity house over the week-end.

The Alpha Tau Omega fraternity wishes to announce the pledging of Mr. Howard Day, of Edyville.
The Phi Sigma Kappa fraternity wishes to announce the pledging of Mr. Dixon Shouse, of Morehead.
Miss Lillian Raech, of Covington, was a visitor at the Delta Zeta house last week-end.

Messrs. Thomas Riley, William Durbeck and Hugh Normant spent last week-end in Louisville.
Mr. William Bentz, of Newport, spent the week-end at the Sigma Nu house.
Mr. Robert Eaton, of Huntington, W. a. was a guest at the Sigma Nu house for a few days last week.

KENTUCKY KERNEL PLATFORM

University Expansion A Campus Beautiful
Dissemination of University News to Kentucky
Strict Observance of Laws and By-Laws
Better Scholarship

THE PLATFORM

In order that the students, faculty and alumni of the University may know definitely the attitude which The Kentucky Kernel takes toward major University problems which arise from time to time, the platform that appears above has been devised. It is a variable platform, and will be changed whenever some particular act or situation deserves notice. However, if one or more of the policies are dropped from the platform, it must not be taken for granted that it has been dismissed forever. It may reappear.

The Kentucky Kernel is a newspaper published by the journalists of the University. As such, it must take decisive stands on behalf of the student body. It must interpret the problems and news of the day. A paper is not a symbol of political influence, nor of the opinion of any select group. Instead, it serves an impartial function. Whenever decisive attitudes are taken, they represent those which the editors have discovered to be best for student welfare and University growth.

There are several things that a paper will always do. It will protect the innocent and guiltless from undue oppression at the hands of despotic persons. It will cry out for the punishment of all people who violate laws and by-laws, for those laws are requisite to the welfare of organized achievement and society in general. A paper will not lower itself to the promotion of worthless propaganda, nor will it remain passive while others spread that propaganda. The public, whether it is composed of a group of students or of the ordinary populace, is entitled to the truth, always, and a fair interpretation of current events. Furthermore, all those improvements which benefit the majority of people deserve exploitation, with the advantages set forth in no uncertain terms. All of this goes to make up the editorial policy of a newspaper.

The Kernel, as the official publication by and for the student body, intends to follow the journalist's attitudes as listed above. It will be fearless in denunciation as well as commendation, always taking the view that the University and general welfare of the students should overshadow minor issues. Minor issues will be neglected only so long as they fail to form subsidiary benefits to major progress.

The Kernel solicits honest and fair criticism, whether constructive or destructive, uncompromised by tiresome redundancy and sarcastic verbiage. It is a well known axiom that a true decision cannot be reached until all questions have been fully discussed. Cooperation in discussion will lead to decisions made in the future, when The Kernel takes a stand for or against some problem of the day.

In order that every one may know the stand taken by The Kernel, a comprehensive editorial will be printed each time an addition or change is made in the platform, but the step will not be taken until all the highways and byways of the situation have been fully discussed by the editorial board and comments received from the students and faculty. Then, an unbiased opinion will be delivered and thenceforth it will be upheld. The policies named at the top of the editorial column this week have been discussed fully before, not only editorially but through letter comments, and should present no special problem to constructive thought.

The Kernel hopes to lead the way in the present march to a greater University, to a larger student body, and in the meantime, to aid in preserving those attainments which have been heretofore developed by the sons and daughters of Kentucky.

THE KERNEL — A DAILY

University students have expressed disappointment in the inability of The Kernel to print all of the news which might be found on the campus. Everyone expects this paper, an eight page weekly, to contain a news summary of all University events for the week. This task approaches the impossible. Lack of space each week works a great hardship upon all of the members of The Kernel staff who are putting forth diligent effort toward the presentation of all the University news.

The growth of any student publication should be in direct proportion to the University which it represents. An exception should not be made in the case of The Kentucky Kernel. Many colleges and universities much smaller than our own University profit by the publication of a daily paper. University activities have reached the magnitude where enough material can be obtained for a daily. Organization of a suitable staff to publish such a paper can easily be obtained from the long list of students interested in the publication of The Kernel. The situation has reached that state where The Kernel must either be greatly enlarged if it continues as a weekly paper, or it should be changed into a daily.

A community of 2,500 people now exists upon the University campus and this group can maintain and be greatly benefited by a daily paper. University progress should not be hindered in any way. If a daily publication will help in the attainment of this ideal it should be adopted.

SIGMA DELTA CHI

Sigma Delta Chi, international professional journalistic fraternity, was founded at DePaw University, April 17, 1909. This week, each of the forty-three chapters in this country and Canada, have celebrated the twentieth anniversary of the founding of the fraternity with appropriate banquets and celebrations.

From the beginning of the fraternity, twenty years ago, the organization has expanded, and now is one of the largest and most widely recognized groups in the professional field. From the outset, the fraternity has set its aim the raising of the standards of the profession of journalism, and the banding together of leading editors and writers throughout the entire nation. By joining these men together in the true fraternity spirit and inspiring them with common ideals, a larger spirit of idealism could be injected into the press of the nation. At first, Sigma Delta Chi was purely an honorary organization. However, the far-sighted members knew, in order to carry out of true ideals of the fraternity, that the group must be continued on more practical bases, and that a fraternity conducted along professional lines would develop into a power in the newspaper world of the future. Therefore, in 1918, Sigma Delta Chi became wholly a professional organization.

The earlier years of the fraternity history were marked by much dissension among the chapters. As in every new project, Sigma Delta Chi had to work out its own salvation, and numerous and weighty were the propositions that had to be handled. In 1912, the first issue of the national publication, "The Quill", was issued. At first, it was a very modest publication, since no definite plans had been worked out, and the fraternity was not financially able to support a pretentious publication. However, in later years, the leading men in the organization worked out an endorsement plan. It was put into effect, and this year, for the first time, "The Quill" became a self-sustaining magazine. Due to wise selection of editors, and the endorsement plan, the magazine has grown to be the power that it now is in modern journalism. Most of the prominent journalists of the country are subscribers, and in each issue, topics of national interest are printed. "The Quill" has promulgated, through its editorials and discussions of various phases of journalism, the ideals in modern newspaper publishing which the fraternity has stood for throughout its entire existence.

In the fall of 1926, an earnest group of students at the University of Kentucky decided to form a press club with the express purpose of petitioning and obtaining a charter from Sigma Delta Chi. At the national convention that fall, the group, then known as the Henry Waterson Press Club, presented its petition and was granted admission into the fraternity. The Kentucky chapter was formally installed on the evening of February 27, 1927. Edwin V. O'Neil, now National Secretary and editor of the Indianapolis Times, was the installing officer. He had been a member of the Indiana chapter, and was greatly interested in establishing a chapter at his neighboring state's university.

The advent of Sigma Delta Chi was not heralded with any great amount of public rejoicing at Kentucky, but the chapter was industrious, and soon made its presence known on the campus. On April 29, the first group of pledges were established. Although Kentucky chapter has been established only two years, in that space of time it has established itself, both financially and as a fraternity. "The Kampus Kat," humorous publication of the chapter, was conceived and made into a reality. At the last national convention, the Kampus Kat was given official recognition and was considered as one of the best publications of its nature in the country. At the same time, Kentucky chapter was named as one of the twelve most efficient chapters in the national organization.

This week, the Kentucky chapter held its annual spring initiation and banquet in conjunction with the celebration of the twentieth anniversary of the founding of the fraternity. At this time, several of the outstanding editors of the state were taken in as associate members. With such an auspicious start, and such remarkable growth in the extremely short space in which the chapter has been an entity, at Kentucky, there seems to be a wonderful opportunity to gain national recognition for Kentucky's journalists and to bring honor to the University.

COLLEGE COMMENT

Imagine the plight of five Emory University students trapped in the middle of a long tressel in front of a fast approaching express train. They all lived through it, however, by hanging by their hands over the side of the bridge work.

High school students at Rushville, Ky., wanted to give their student publication an original name so they labeled it the "Spitzerinktum." Try and sneeze it.

THEATER REVIEWS

(By Edwards M. Templin)

Listen, folks! Lexington has a new theater, and take it from me, it is a "wow." It may be smaller than the other movie palaces of this "great town," but its equipment makes up for the lack of size. A cooling system which is a counterpart of the one used in Loew's theater at Louisville, will be used to keep the atmosphere in the new theater at a comfortable temperature. A beautiful degree of Spanish architecture is carried out entirely in the new structure. The main auditorium is arranged in the form of a Spanish garden, with a mass of grayish clouds moving across the deep blue sky. Lighting effects are used to affect the clouds which move incessantly across the dome of the building. Brilliant colored air conditioned chairs will seat 550 people.

"Trial Marriage" with Sally Eilers will open the State Saturday at 6 o'clock. Al Jolson will be master of ceremonies through the Vitaphone in opening the playhouse, and he will introduce a number of movie stars under Warner Brothers' contract. An all-talking comedy, "Zip, Bang, Boom" will also be on the bill.

Ben All Sunday

"Fugitives," with Madge Bellamy cast in the star role, will open at the Ben All Sunday. The picture shows night-life in two continents. It also portrays that the blindness of justice can be cured by love. A very breezy stage show, "What Girls Will Do," will be presented by Seeman Players along with news reels and a good comedy.

Kentucky Sunday

With the successful "Able's Irish Rose" as proof of their prowess at things romantic, Charles "Buddy" Rogers and Nancy Carroll will again be brought to gather in a motion picture, this time in "Close Harmony" which comes to the Kentucky theater for a four-day run on Sunday. "Close Harmony" is the story of life backstage, behind the scenes in vodvil and musical comedy, based on adventures of Elsie Janis. "Sweetheart of the A. E. F."

Sixand Sunday

The first voice to be recorded on the United Artists sound stages was that of Douglas Fairbanks in the talking prologue to his new picture, "The Iron Mask," opening Sunday at the Strand theater. Fairbanks as the valiant D'Artagnan will open the story of "The Iron Mask" by stepping from the huge tapestry representing The Three Musketeers and speak the prologue to this story.

A vision come true

In a part of Africa little known to the whites, where obscure trails ran, Cecil Rhodes dared to envision a railroad. He lived to build it.

The railroad itself was part of a vaster dream, a dream of a far inland colony linked fast to existing coast settlements by rail and wire communication. And he lived to build Rhodesia.

First the dream, then the reality, is the rule with telephone men too, as they work to greater heights of service. But in between, they know, must come periods of careful planning and smooth coordination of many elements.

Scientific research, manufacturing, plant construction, commercial development, public relations, administration—many varied telephone activities offer a widening opportunity to practical-minded visionaries.

Unique Costumes To Be Presented In Guignol Play

Costumes for the next Guignol presentation, "The Flight of the Duchess," will play a large part in the success of the production which will open the night of April 29. Elaborate royal robes of the 13th and 15th centuries are being made under the direction of Mrs. W. F. Galloway, which are authentic copies of the costumes worn in those periods and which will add much to the effectiveness of the staging of this dramatization of the poem by Robert Browning.

The play, as it will be given at the Guignol theater under the direction of Frank C. Fowler, is an original translation by Prof. W. F. Galloway of the English department, from the Italian drama by the same name, and is the first time that it has been produced in this country.

Prof. G. K. Brady, of the English department, as a cruel and powerful Duke, who clings to tradition and his love of the old regime, will appear, together with his attendants, in the dress of the 13th century, while the moderns of the court will represent the 15th century in their costumes. This contrast should provide an added interest and lovers of the beautiful will find much in this ancient atmosphere to gratify them.

Gibson Funeral Services Are Held

University Honor Man Dies at Pittsburgh; Spoke Often to Students

Funeral services were held last week for William Gibson, railroad official and manufacturer, who died at his home, 1509 Shady avenue, Pittsburgh, Pa. Although in good health until within the last few weeks he had never recovered from the loss of his only son, William Lawrence Gordon Gibson, who was killed at Rolling Rock in September, 1925, when he was thrown from a horse.

Mr. Gibson, a native of Scotland and a graduate of the University of Edinburgh, received an honorary Doctor of Laws degree from the university in 1913. He made annual visits to the University for 25 years and lectured to each graduating class over a period of 20 years.

These lectures have been collected into three volumes under the titles, "Letters to My Son," and are kept by Dean F. Paul Anderson, dean of the College of Engineering.

PROF. KNIGHT REVIEWS BOOK

The Bookman for April contains a review by Prof. Grant C. Knight, of Luck Lettingwell Cable Bible's "George W. Cable: His Life and Letters." Mr. Knight was asked to review this biography of the first maker of literature of the new south because of his interest in that period when James Lane Allen was one of the most popular writers. Recently Professor Knight has also contributed to The Nashville Tennessean and The Saturday Review of Literature.

PITKIN CLUB OFFICERS ARE SELECTED FOR 1930

The officers of the Pitkin Club for next year have been elected. They are: Virgil L. Couch, president, succeeding Penrose Ecton; Jessie Wilson, vice president, and Robert Gilmore, secretary and treasurer.

The Pitkin Club which is the only luncheon club on the campus, was organized four years ago and now has a membership of over 75.

It is led by Dr. A. W. Fortune, of the Central Christian church, who has taken as his topic for the past year, "A Religion That Satisfies."

Mathematics Society Selects New Officers

Forty Representatives of Colleges and High Schools Attend Annual Meeting

The Kentucky section of the Mathematical Association of America held its annual meeting Saturday at the University. Officers elected for the coming year were Prof. Charles A. Maney, of Transylvania College, president, and Prof. F. E. LeSturgeon, of the University, secretary-treasurer.

About forty representatives of various high schools and colleges of the state were present. It was decided to hold the 1930 meeting next spring.

The program consisted of: "Some Causes of Failure in College Mathematics," Miss Sallis Pence, Murray State Teachers College; "A Vector Treatment of Ruled Surfaces," Wayne Garnett, of the University of Kentucky; "On the 1928 Congress of Mathematicians," Prof. F. E. LeSturgeon, also of the University; "Projective Transformation," Prof. E. T. Allen, Morehead State Teachers College; "Some Problems Involved in Elementary Mathematics," Dean W. S. Taylor, of the University; "On Justifying Mathematics As a Required Subject," Prof. Charles A. Maney, of Transylvania College; "An Identity in Theta Functions with Applications," Prof. C. G. Latimer, of the University, and "On the Properties of Irreducible Algebraic Equations," Prof. Harris Hancock, University of Cincinnati.

Whither away, Sir Knight?

There's a knightly warrior, immortalized by Mr. Stephen Leacock, who under the stress of intense excitement mounted his horse and rode away in all directions. Whether he ever arrived is not recorded.

To us, this giddy hero is a perfect example of how not to make cigarettes. We hold that a cigarette is a smoke, and a good smoke is a blessing, so to that end alone have Chesterfields been ripened, blended and manufactured.

Mild as they are, not a jot of the true, rich tobacco flavor has been lost. When the best tobaccos on the market are bought you can be certain they'll deliver the taste. Chesterfields are as natural as a field of sweet clover; and they satisfy the taste superlatively well, always!

Once a man has checked up on the above pleasant news, there'll be no "riding away in all directions" for him!

A monthly book review, given by a faculty member of the English department of the University, will be given particular emphasis in the daily radio programs broadcast from the University remote control station through radio station WHAS at Louisville. It has been announced by Elmer G. Sulzer, director of the University Publicity Bureau.

The first book review will be given Thursday, April 25, by Prof. L. L. Dantzier, head of the English department, from 12:45 to 1 o'clock in the afternoon. It will be followed each month by a similar program.

The complete program for the University remote control station, which has just finished its fourth successful week, for the week beginning Monday, April 22, is as follows: Monday, April 22, from 12:45 to 1 p. m., "Healthy Sheep, Healthy Lambs," Prof. R. C. Miller; "The Mexican Bean Beetle," Prof. J. S. Gardner, both of the College of Agriculture.

Tuesday, April 23, from 12:45 to 1

p. m., "The Settlement of Kentucky," "Coming Into the Winthers," Mrs. W. T. Lafferty, secretary of Woman's Club Service.

Wednesday, April 24, 12:45 to 1 p. m., "Raising Nice Apples," Prof. A. J. Oney; "When to Plow Under Green Manure Crops," Prof. F. E. Karkaker, both of the College of Agriculture.

From 10 to 11 o'clock Wednesday night the University Concert Band will render a number of selections under the direction of Elmer G. Sulzer.

Thursday, April 25, from 12:45 to 1 p. m., "Monthly Book Review," Prof. L. L. Dantzier, head of the English department.

Friday, April 26, from 12:45 to 1 p. m., "What Farm Folks are Doing," Prof. N. R. Elliott, of the College of Agriculture.

'CATS WILL MEET VANDY ON TRACK

Thomasson Unable to Participate in Contest Tomorrow; Kentucky Defeated Commodores Last Year.

Vanderbilt cinder artists are here for their dual track engagement with the Wildcats at 2 o'clock tomorrow afternoon on Stoll field. Last year Kentucky defeated the Commodores in their meet by a 59-58 count. This year Vandy has an even stronger team than the one which took the field in 1928.

Wayman Thomasson, Kentucky's star half and quarter-mile, will be unable to participate on account of the recent death of his father. This hurts Kentucky's chances considerably as Coach Shively was counting on Thomasson to win both of these events. He was also scheduled to run in the mile relay.

Such stars as Owens, McLane, Ureig, Captain Kavayans, Cones, Cochran, Harris and others will be fighting for Kentucky. These Wildcats should give the Vandy team all that it is looking for and probably a little more.

In the recent Tech relays, Vanderbilt came second in the mile relay and finished well up among the leaders in the four-mile race. They have a sprinter, Sharpe, who does the century run in 10 flat. McNamara heaves the shot for a distance of about 40 feet, and Gibson has been putting a full 125 feet between himself and the discus. The Nashville boys are also especially good in the quarter, the mile and the two-mile runs.

Kentucky Team to Enter Golf Tourney

Now that the University Athletic Council has recognized golf as a minor sport, plans are being completed for a tournament to be held next week for the purpose of selecting a team to represent the University in the Southern Golf Tournament to be held at Asheville, N. C., about June 1. Fifteen men will compose the squad from which the team of four or six will be picked to form the team.

The team is expected to play several matches this spring with schools in the Southern Conference and the Athletic Council has consented to award letters and numerals. The coaching will be done by Professor Jones, head of the political science department.

All men who can play are eligible and are requested to see Kenneth Larnoe, chairman of the entrance committee. An entrance fee of two dollars will be charged. Winners and runners up will receive handsome trophies. Those in charge of the tournament say that there is some excellent material on the campus and there is no reason why a good team cannot be developed.

NEW MAGAZINE PUBLISHED

A new magazine, to be called "Manuscripts," and published by Willis H. Kinner at Indianapolis, will be of interest to college students. The paper is in the market for student writing only, and wishes short stories, poems, and essays, for which it will pay upon acceptance. For further information see Prof. Grant C. Knight.

10-Yr. Man Still Lauds This Smoke

Utica, N. Y., Aug. 30, 1928

Larus & Bro. Co., Richmond, Va.

Gentlemen:

Just a line to let you know where some of your tobacco has been going for the last ten years. I have been smoking Edgeworth for the past ten years; in fact, since I started smoking, and it is just as good now as it was then. Have given other brands a fair trial, but there is none like Edgeworth. During that time I have had costly pipes and some not so costly, but I have decided that it is not the pipe but what is in it that counts.

With best wishes for your continued success in the manufacture of this high grade tobacco, I am,

Sincerely,

(Signed) N. A. Vaeth

Coca-Cola
Delicious and Refreshing

**PAUSE AND
REFRESH
YOURSELF**

IT WON'T BE LONG NOW. AND THE PAUSE THAT'S COMING MAY NOT BE SO REFRESHING AS SOME OTHERS WE KNOW OF.

The moral is to avoid situations where it is impossible to pause and refresh yourself—because whenever you can't is when you most wish you could. Fortunately, in normal affairs there's always a soda fountain or refreshment stand around the corner from anywhere with plenty of ice-cold Coca-Cola ready. And every day in the year 8 million people stop a minute, refresh themselves with this pure drink of natural flavors and are off again with the zest of a fresh start.

TENNIS MATCHES ARE ANNOUNCED

Fresh Court Stars Will Compete for Places on Freshman Net Squad; Professor Downing is Coach.

By a series of elimination matches within the ranks, Coach Downing will select four men who display the most talent to compose the freshman tennis team this year. Three matches have been held thus far. Forquhar defeated Amyx, Fields defeated Haas, and Quisenberry lost to Yeager. The next tilts will be between Rainey and Gilley, Steeley and Kee, and Roberts and Olsen. The team will consist of the best players among the winners of these brackets.

The yearlings have been practicing with difficulty during the past week due to cold and windy weather. The courts have been crowded with varsity men and students who are preparing for the intra-mural matches, making instruction difficult for Coach Downing as his proteges often have to wait for the courts to be vacated.

No matches have been scheduled as yet, but engagements for the frosh with several high schools and first-year men from nearby colleges will be made in the near future.

Rhoads Pitches No Hit, No Run Game Against Louisville

Raymond Rhoads opened his pitching career and the 1929 baseball season for the Kentucky Wildcats Saturday afternoon, April 13, with a no hit, no run victory over the University of Louisville Cardinals, 3 to 0. Kentucky was able to garner four hits from Jeffries, Louisville hurler.

The birds of springtime threatened to score but twice, in the first and third innings. The Cardinals only suggestion of a hit came in the first inning when Toth muffed an easy roller and allowed Brennan to go to the first base. Toth, Cole and Kellog crossed the plate in Kentucky's first game.

Innings: 1 2 3 4 5 6 7 8 9—T
Kentucky.....0 1 1 1 0 0 0 3—3
Louisville.....0 0 0 0 0 0 0—0
Two-base hit: Rhoads. Sacrifice hits: Wilson, Kruger, Rhoads. Stolen base: Glibb. Base on balls: Off Jeffries, 5. Hit by pitched ball: By Rhoads (Jeffries, Spencer); by Jeffries (Barnes). Umpire: Heber.

Frosh Nine to Open Season Tomorrow

The University freshman baseball team will open its season tomorrow afternoon at 3:30 on Skoll field with Piedmont High school furnishing the opposition. After working through the early spring weeks with a fair sized squad Coach Johnny Maurer suddenly found himself confronted with the problem of moulding a baseball team from a group of 15 men; the rest having been dropped

because of scholastic difficulties. Maurer will have no difficulty in selecting his battery as he has only one pitcher and two catchers. Boucher will do the tossing with Benson on the receiving end. The infield lineup will find Howard at first, Hand at second base, Urbanick at short stop and Fritz on third base. The outfield will be picked from Stoffel, Campbell, Kleiser, Kendall, Moore and Erl.

'CAT RELAY TEAM RUNS THIRD AT TECH

Kentucky ran third in the Tech two-mile relays at Atlanta last Saturday, beating the Southern record by 21 seconds but falling short a few yards of victory behind L. S. U. and Georgia Tech. The Wildcats ran the distance in 8:12 as compared to the old record of 8:33 set by Notre Dame last year. Kentucky entered only one of the relays.

Thomason led off for Kentucky and was followed by Twaddell, Jones and Owens. George L. S. U.'s great half-miler, who finished second to Gess in the races last year, won the race for Georgia.

Saturday was a record-smashing day at Grant field, Atlanta, and 12 new champions were crowned in

the 19 events that made up the final day of the meet. The rangy plainmen from Auburn were the worst offenders. They cracked three of the dozen records, while Indiana, one of the invaders from the middle west, Louisiana State and Florida broke two each, and North Carolina University, Oglethorpe and Duke each set one new mark.

Two-mile relay—L. S. U.
Distance medley—Indiana.
120-yard hurdles, Beard of Auburn.
220-yard hurdles—Beard, of Auburn.
Two-mile run—Leas, of Indiana.
Cross country—Duke.
Mile relay—Florida.
Half-mile relay—Florida.
Two-mile freshmen relay—North Carolina.
Shot put—Nesom, of L. S. U.
High jump—Eubanks, of Oglethorpe.

These were the most important records that were broken at the meet. Gordon, of Indiana, tied the record in the hundred-yard dash.

Florida is a national leader in winter-grown crops. Here's a field of snap beans.

Here's a challenge to young men who plan to make farming a business

To the serious-minded young man, especially to the graduate or under-graduate of agricultural colleges, there's a challenge in Florida's unbounded agricultural possibilities which offers an opportunity to exercise knowledge and skill for real profit in farming. Business men, you know, expect to make money. If you are one who plans to make farming a business—profitable, full of joy of achievement—you need the story about Florida.

Silver Springs, the world's largest, a year-round scenic attraction. Glass bottom boats ply the crystal-clear waters.

Poultry and citrus fruits are big money producers in Florida.

Investigate!

There's no better way of spending your summer vacation than loading up the car for a camping trip to Florida for personal investigation of this state's many agricultural opportunities. You'll enjoy a vacation unlike any you've ever had. It won't cost a lot—but it may mean much to you in planning your future. Be sure to send for facts about agricultural subjects you are most interested in. There's a handy coupon below.

FRENCH CLUB HOLDS MEETING

Cercle Francois Closes Semester's Work by Pledging Thirteen Students to Fleur de Lis Club.

The Cercle Francois held its last meeting of the semester in the form of a banquet last Wednesday, April 17, at the new Chimney Corner, on the Esplanade. Thirteen members of the organization were admitted into the Society Fleur de Lis, an honorary French club, because of their notable activity in the Cercle Francois. Miss Anna Mae Stampler was awarded the first prize, and Miss Elizabeth Skinner, the second, for outstanding scholarship and service in the Cercle Francois.

The program of the banquet was carried out entirely in French, and according to French style, consisting of toasts to the French student body by Professor Zembrod, head of the romance language department; a short talk on the Cercle Francois by Miss Margaret Horsfield, and the "Meaning of the Fleur de Lis" by Prof. Blaine W. Schick. Mrs. Lolo Robinson, president of the organization, acted as toastmistress for the occasion.

Fires were presented in a ceremonious manner by the active members of the Fleur de Lis club, at which time a stitistic series was given by Miss Margaret Gooch. Those pledged to the Fleur de Lis club were Mary Duncan, Anna Mae Stampler, Elizabeth Skinner, Ruth Moffitt, Nancy Duke Lewis, Mary Elizabeth Fischer, Mary Davis Miller, Dorothy Moore, Pauline Patterson, Virginia Hatcher, Alberta Riley, Edythe Lital and Mary McFarland.

Guests at the banquet were President and Mrs. McVey, Dean and Mrs. Boyd, Professor and Mrs. Zembrod and Mrs. Janet Murbach, former faculty member of the romance languages department.

TRUSTEE BOARD MEETING IS HELD AT UNIVERSITY

(Continued From Page One)

follows suit, while the third, built extremely large, has adequate room. The aim of the University is to eliminate the second stage.

Plans which have been adopted by the board of trustees have been under consideration for about three years and have been submitted to the best librarians for inspection. The building is to be constructed in two units, the first of which is to be built as soon as possible and the second is to be constructed when it is necessary.

When the library is completed there will be room for 1,250,000 volumes of books. There are to be reading rooms, work rooms, and seminar rooms, which are for the purpose of holding small advanced classes. The first unit will take care of 240,000 volumes as well as provide three large reading rooms, document rooms and work rooms for the library staff.

The building will be located north of the C. and P. building and is to be four stories in height.

WHY SMOKING ROOMS?

Because girls' cigarettes caused three fires in one day recently at Barnard College, notice has been given that smoking must be confined to rooms designated for the purpose.

HENRY CRAVENS ELECTED PRESIDENT OF Y. M. C. A.

Henry Cravens, junior in the College of Arts and Sciences, was elected president of the Young Men's Christian Association for the ensuing year. It was announced Monday by Mr. Bart N. Peak, head of the organization. Morton Walker, of Hartford, was elected vice president; John Cochran, of Marion, secretary, and Bryant Jones, Lexington, treasurer. The members of the advisory board are Marion Ross, Virgil Couch, Prof. H. H. Downing, Prof. E. A. Bureau, Prof. Roy Moreland and W. C. McCarty, manager of the Lexington Y. M. C. A.

DR. JUDD TO SPEAK

Dr. Charles H. Judd, of the University of Chicago, will speak on the "Impending Reorganization of the American Educational System," at the Graduate club dinner in the palm room of the Phoenix hotel Tuesday night, April 23, at 6:30 o'clock. J. Smith Park, president of the club, will preside. The program has been arranged by Miss Emily E. Ford, secretary of the club.

SENIOR ENGINEERS WILL SURVEY HOSPITAL SITE

Jack Boston, James G. Martin and Glenn C. Cook, three senior engineers at the University, have started a survey of the site for the

\$1,500,000 Veterans' Hospital to be erected on the Leeslown pike. The enterprise is under the direction of Joseph Fahy, construction superintendent for the United States Veterans Bureau. Mr. Fahy stated that the work would be require three weeks for completion. This survey is a preliminary to the architectural drawings for location of the buildings in the hospital unit plan.
